Contact: Rebecca Wenner (785) 296-1604 Webpage http://www.kdhe.state.ks.us/waste

WHAT IS THE ORPHAN HAZARDOUS WASTE DISPOSAL PROGRAM?

Kansas Department of Health and Environment
Bureau of Waste Management
Compliance and Enforcement Unit

Orphan Hazardous Waste Disposal Program

Program Goals

Protecting human health and the environment by immediately securing the site

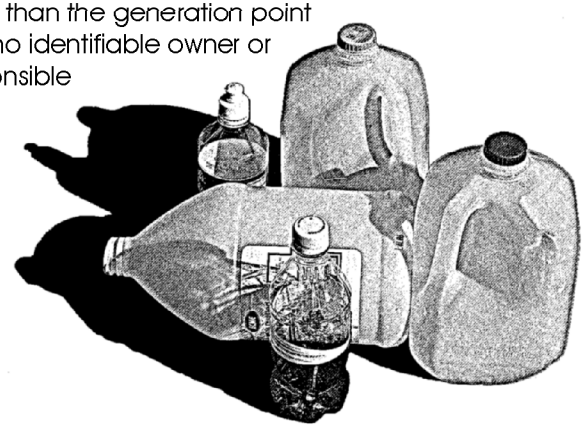
Working with local household hazardous waste facilities and local governments

Properly disposing of abandoned or illegally disposed hazardous waste

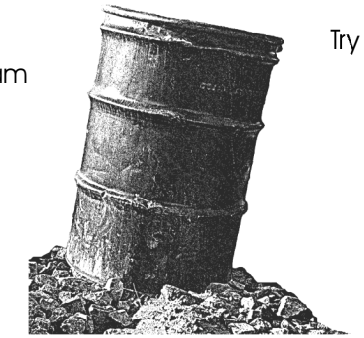
Locating the responsible party and making them pay

What is Orphan Hazardous Waste?

Potentially hazardous or unidentified waste in containers that have been abandoned or illegally dumped at a site other than the generation point with no identifiable owner or responsible party.



If You Locate Orphan Waste . . .



First, call your local Household Hazardous Waste (HHW) Program (see list on the back of this brochure).

If you don't have a local HHW program, contact:

Rebecca Wenner
Kansas Department of Health and Environment
Bureau of Waste Management
1000 SW Jackson, Suite 320
Topeka, KS 66612-1366

Phone: (785) 296-1604 or (785) 296-1600
E-mail: rwenner@kdhe.state.ks.us

If the drums are leaking or are in a creek, river, or lake, then call your local fire department BEFORE calling your HHW facility or Kansas Department of Health and Environment (KDHE).

DON'T:

- Kick
- Move
- Open
- Touch
- Remove

OR, YOU MAY BE IN DANGER:

- Fire
- Explosion
- Chemical Burns
- Fumes

If You Witness a Dumping . . .

Try to obtain the following:

- License plate number
- Description of vehicle
- Description of dumpers
- Time and place

What Happens to the Orphan Waste?

The site will be secured until the waste can be safely removed to the nearest household hazardous waste facility.

KDHE will be contacted (if this has not already occurred).

Evidence will be collected to try to determine the responsible party.

The waste will be sampled and analyzed by the local household hazardous waste facility or their contractor to determine the proper disposal method(s).

The waste will be properly disposed by the household hazardous waste facility and/or their contractor with the prior approval of KDHE.

KDHE will reimburse the household hazardous waste facility for the cost of disposal plus up to 10 percent for administrative costs.
