your entire comment—including your personal identifying information—may be made publicly available in the electronic docket for this rulemaking at http://www.regulations.gov. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Public Hearing**

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4 p.m., M.D.T. on July 6, 2011. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold the hearing. If only one person expresses an interest, a public meeting rather than a hearing may be held, with the results included in the docket for this rulemaking.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at a public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

**IV. Procedural Determinations**

**Executive Order 12866—Regulatory Planning and Review**

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866.

**Other Laws and Executive Orders Affecting Rulemaking**

When a State submits a program amendment to OSM for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the Federal Register indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. We conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.

**List of Subjects in 30 CFR Part 950**

Intergovernmental relations, Surface mining, Underground mining.

Dated: May 9, 2011.

Allen D. Klein, Director, Western Region.

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 81**

**EPA Responses to State and Tribal 2008 Lead Designation Recommendations: Notice of Availability and Public Comment Period**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability and public comment period.

**SUMMARY:** Notice is hereby given that the EPA has posted its responses to State and tribal designation recommendations for the 2008 Lead (Pb) National Ambient Air Quality Standards (NAAQS) on its Internet Web site. The EPA invites public comments on its responses during the comment period specified in the DATES section. The EPA sent responses directly to the states and tribes on or about June 15, 2011, and intends to make final designation determinations for the 2008 Pb NAAQS by October 14, 2011.

**DATES:** Comments must be received on or before July 21, 2011. Please refer to **SUPPLEMENTARY INFORMATION** for additional information on the comment period.

**ADDRESSES:** Submit your comments, identified by Docket ID No. OAR–2009–0443, by one of the following methods:

- [http://www.regulations.gov](http://www.regulations.gov) Follow the online instructions for submitting comments.
- E-mail: a-and-r-docket@epa.gov.

- Hand Delivery: EPA Docket Center, 1301 Constitution Avenue, NW., Room 3334, Washington, DC. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

**Instructions:** Direct your comments to Docket ID No. EPA–HQ–OAR–2009–0443. The EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at [http://www.regulations.gov](http://www.regulations.gov), including any personal information provided, unless the comment includes information claimed to be confidential business information or other information whose disclosure is restricted by statute. Do not submit information that you consider to be confidential business information or otherwise protected through [http://www.regulations.gov](http://www.regulations.gov) or e-mail. The [http://www.regulations.gov](http://www.regulations.gov) Web site is an “anonymous access” system, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to the EPA without going through [http://www.regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If the EPA is unable to read your comment and cannot contact you for clarification due to technical difficulties, the EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about the EPA’s public docket, visit the EPA Docket Center homepage at [http://www.epa.gov/epahome/dockets.htm](http://www.epa.gov/epahome/dockets.htm). For additional instructions on submitting comments, go to Section II of the **SUPPLEMENTARY INFORMATION** section of this document.

**Docket:** All documents in the docket are listed in the [http://www.regulations.gov](http://www.regulations.gov) index. Although listed in the index, some information is not publicly available, i.e., confidential business information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be
I. Purpose

The purpose of this notice is to solicit public comments from interested parties other than states and tribes on the EPA’s recent responses to the State and tribal designation recommendations for the 2008 Pb NAAQS. These responses can be found on the EPA’s Internet Web site at http://www.epa.gov/leaddesignations and also in the public docket for Pb designations at Docket ID No. EPA–HQ–OAR–2009–0443. Clean Air Act (CAA) section 107(d) provides a process for designations that involves recommendations by states and tribes to the EPA and responses from the EPA to those parties, prior to the EPA promulgating final designations and boundaries. The EPA is not required under CAA section 107(d) to seek public comment during the designation process, but is electing to do so for the 2008 Pb NAAQS in order to gather additional information for the EPA to consider before making final designations. The EPA invites public comment on its responses to states and tribes during the 30-day comment period provided in this notice. Due to the statutory timeframe for promulgating designations set out in CAA section 107(d), the EPA will not be able to consider any comments submitted after July 21, 2011. This notice and opportunity for public comment does not affect any rights or obligations of any state, tribe or the EPA unless otherwise provided. In accordance with procedures set forth in CAA section 107(d), the EPA is proposing to make available the information referred to herein for public review and comment. The EPA invites comments from the public, including states and tribes, and other interested parties. As required under CAA section 107(d), the EPA has identified five areas as not meeting the 2008 Pb NAAQS and will be designating these areas as nonattainment. The EPA is proposing that all other areas be designated as unclassifiable/attainment. In establishing nonattainment area boundaries, the EPA is required to include any nearby area that is contributing to the area that does not meet that standard. We are particularly interested in receiving comments, supported by relevant information, if you believe that a specific geographic area that the EPA is proposing to identify as a nonattainment area should not be categorized by the CAA section 107(d) criteria as nonattainment, or if you believe that a specific area not proposed by the EPA to be identified as a nonattainment area should in fact be categorized as nonattainment using the CAA section 107(d) criteria. Please be as specific as possible in supporting your views.

• Describe any assumptions and provide any technical information and/or data that you used.

II. Instructions for Submitting Public Comments

A. What should I consider as I prepare my comments for the EPA?

1. Submitting Confidential Business Information

Do not submit this information to the EPA through http://www.regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be confidential business information. For confidential business information in a disk or CD–ROM that you mail to the EPA, mark the outside of the disk or CD–ROM as confidential business information and then identify electronically within the disk or CD–ROM the specific information that is claimed as confidential business information. In addition to one complete version of the comment that includes information claimed as confidential business information, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. Send or deliver information identified as CBI only to the following address: Roberto Morales, U.S. EPA, Office of Air Quality Planning and Standards, Mail Code C404–02, Research Triangle Park, NC 27711, telephone (919) 541–0880, e-mail at Morales.roberto@epa.gov.

2. Tips for Preparing Your Comments

When submitting comments, remember to:

• Identify the rulemaking by docket number and other identifying information (subject heading, Federal Register date and page number).
• Follow directions.
• Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

III. Background

On October 15, 2008, the EPA substantially strengthened the primary NAAQS for Pb to provide increased protection against adverse health effects associated with exposure to Pb in at-risk groups, especially children. The revised primary NAAQS was lowered from the 1.5 micrograms per cubic meter (µg/m³)
level set in 1978, to a level of 0.15 μg/m³. To provide increased protection against Pb-related welfare effects, the EPA revised the secondary NAAQS to be identical in all respects to the revised primary NAAQS. The EPA also established new criteria for siting ambient Pb monitors and new data collection requirements. The EPA determined that the pre-existing ambient Pb monitoring network was inadequate for determining whether many areas are meeting the revised Pb NAAQS. Monitors meeting the new network siting requirements were to begin operation January 1, 2010.

The process for designating areas following promulgation of a new or revised NAAQS is contained in CAA section 107(d) (42 U.S.C. 7407).

The CAA requires the EPA to complete the initial designation process within 2 years of promulgating a new or revised NAAQS. If the Administrator has insufficient information to make these designations, the EPA has the authority to extend the designation process by up to 1 year. In light of the new monitoring network, the EPA is completing the Pb designations in two rounds. In the first round, published on November 16, 2010, the EPA designated as “nonattainment” 16 areas as violating the 2008 Pb NAAQS based on data from the pre-2010 monitoring network. For all other areas, the EPA extended the deadline for designations by up to 1 year so that data from the newly deployed monitors can be considered in making appropriate designation decisions. States previously submitted air quality recommendations including appropriate boundaries within 1 year of promulgation of the NAAQS (tribes are not required to submit recommendations, but the EPA encourages their participation in the designations process), as required by the CAA. They were given an opportunity to update their recommendation letters for those remaining areas for our consideration in the second round of designations by December 15, 2010. By no later than 120 days prior to promulgating designations, the EPA is required to notify states or tribes of any intended modification to an area designation or boundary recommendation that the EPA deems necessary. On or about June 15, 2011, the EPA notified states and tribes of its intended area designations for the 2008 Pb NAAQS. States and tribes now have an opportunity to demonstrate why they believe a modification proposed by the EPA may be inappropriate. In these responses, the EPA has encouraged states and tribes to provide comments and additional information for consideration by the EPA in finalizing designations. The EPA intends to make final designation determinations for the 2008 Pb NAAQS by October 14, 2011.

IV. Internet Web Site for Rulemaking Information

The EPA has also established a Web site for this rulemaking at http://www.epa.gov/leaddesignations. The Web site includes the EPA’s State and tribal designation recommendations, information supporting the EPA’s preliminary designation decisions, as well as the rulemaking actions and other related information that the public may find useful.

Dated: June 15, 2011.

Mary Eileen Henigin, Acting Director, Office of Air Quality Planning and Standards.

BILLING CODE: 6560–50–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before September 19, 2011.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community’s map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA–B–1197, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–4064, or (e-mail) luis.rodriguez1@dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–4064, or (e-mail) luis.rodriguez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings prior to.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility
