WHAT IS OUR INTERNAL CULTURE?

This is a question that we need to ask ourselves even within our Root Cause Analysis (RCA). Some institutions may have a culture that actually contributes to or causes incidents.

In this White Paper, James Tilcombe OBE, looks at the future of patient safety improvement by exploring better collaboration between healthcare organizations and developments in the digitalization of healthcare.

Risk and Reporting

There are Kansas statutes that require reporting of risk. Within a risk management program.

Risk Reporting with SOC 3 and SOC 4 Individual Incidents (IIR):

- Know what constitutes a ‘reportable incident’.
- A SOC 3 or 4 Report is required to be submitted upon finalization of the SOC.
- Don’t wait until the next quarterly reporting to submit individual reports.
- Use the proper form and fill it out completely.

Quarterly Risk (QR) Reporting

- Is intended per statute to be a summarization report of all of the reports of what happened for the last quarter.
- Any SOC 3’s or 4’s should have been reported previously as individual incidents.
- Ensure that discussion of quality and patient safety on the board agenda gets equal billing with other agenda items.

Quarterly Risk Reporting Schedule

- The due dates for RM Quarterly Reporting is in the box on the left-hand side.
Here are the due dates:
- Quarter 1- April 30th
- Quarter 2- July 31st
- Quarter 3- October 31st
- Quarter 4- January 31st

You may fax your report to:
785-559-4250

Email:
KDHE.RISKMANAGEMENT@KS.GOV

- The dates are the same every year so you can make annual reminders on your calendar that are recurring to assist as a trigger or tickler.
- Remember to get the most current version of the form located on the KDHE website.

RM Quote

“Risk is like fire: If controlled it will help you; if uncontrolled it will rise up and destroy you.”
Theodore Roosevelt

RISK MANAGEMENT KDHE MEDICAL CARE FACILITIES

KARQM 2017 Fall Conference- Wichita

Save the Date!!! November 2nd, 2017

This is always a great conference and a good chance to network with other Quality and Risk Managers from the state!
http://www.kha-net.org/alliedorganizations/karqm/

For more information about KARQM, contact Stephanie Bjornstad, 2017 KARQM president, at (785) 688-4433; or Lorri Dean, KHA liaison, at (785) 233-7436.

QUESTION CORNER

Question: Is my Risk Management Plan (RMP) confidential and protected under Risk Management?

Answer: Risk managers need to know that it is part of their Risk Management Program but it is also NOT protected as it is subject to Kansas Open Records Act (KORA) after submission to KDHE. Please mark your Risk Management Plan with this level of classification and do NOT include anything that you are not able to have available for public information.
