Behavioral Risk Factor Surveillance System Questionnaire

CELL PHONE SURVEY

June 20, 2015

(Note 1: CDC Core Section 8: Demographics, questions Q8.15 – Q8.18 are not asked on the cell phone survey.)

(Note 2: State-Added Module 3: Asthma Call Back Survey, this was not implemented with cell phone respondents. So, no questions in this module were asked on the cell phone survey.)

(Note 3: State-Added Module 9: Child Immunization (Influenza), question 3 was inadvertently not added to the original Ci3 programming. So, in January and February this question was not asked, resulting in the data for these months are missing.)

(Note 4: No Answer (5130/3130) Disposition Rule changed from 15 attempts to 10 attempts starting with November Landline survey. This is only for records with 10 5130 coded call attempts. This rule is only for the Landline survey, we will continue to call No Answer in cell phone 6 times. – per Carol Pierannunzi, CDC BRFSS & Bill Garvin, CDC BRFSS Oct, 2014)
