

Teen Pregnancy Targeted Case Management (TPTCM)

Project Goals

The goal of the TPTCM is to provide comprehensive case management services to pregnant and/or parenting adolescents in Kansas communities with priority to communities with greater numbers of adolescent KanCare recipients. The project's goals are: to reduce negative consequences of teenage pregnancy for KanCare-enrolled teens and their children; to increase levels of self-sufficiency and goal-directedness relating to their own futures and that of their children; and to delay subsequent childbearing until completion of goals related to basic education/training; or they reach 21 years of age.

Funding

Priority is given to continue funding of local agencies that consistently meet contract objectives, reporting requirements and participate in yearly education updates. Grants are subject to availability of funds.

- A. Match: Local matching funds are not required.
- B. Local TPTCM Services: Applicants should adhere to utilization of funding as described in the [Teen Pregnancy Targeted Case Management Manual](#).

Specific Program Information

- A. Application – Follow the KDHE “SFY2015 Grant Application Guidance” instructions. The application budget must include expenses for staff to attend education updates.
- B. Services – See: [Teen Pregnancy Targeted Case Management Manual](#).
- C. SFY 2015 Outcome Objective:
 - 100% of pregnant teens participating in the program will receive adequate prenatal care, as measured by the Kansas Prenatal Care Index, at entry into the program.
 - Program participants will delay the birth of their second child until after completion of their basic education or vocational goals as measured by case management reports.
 - 100 percent of program participants and their children will participate in well child (preventive) health programs as measured by immunization records and Kan-Be-Healthy/EPSTD schedules.
 - 100 percent of teen parents will have demonstrated adequate parenting capacity at exit from the program as measured by case management reports of absence of confirmed Child Protection Services report because of the parent's abusive action or neglect.
- D. Other:
 - (1) The grantee will provide for orientation and training of new staff. Grantee staff will participate in the yearly TPTCM updates.
 - (2) Technical assistance will be provided via phone and/or KDHE staff may conduct on site visits. A corrective action plan for issues identified during site visits will be established and implemented as indicated.

Reporting Requirements

Refer to the KDHE “SFY 2015 Grant/Contract Reporting Instructions.”
