

Ethanol Production

Seasonal Operating Percentages:

January, February & December %

March - May %

June - August %

September - November %

100%

Process Information:

Ethanol Produced 1000 gals/year

DDGS Production:

DDGS Dried: tons/year

Product Loading:

Truck 1000 gallons/year

Railcar 1000 gallons/year

Fuel Usage:

	Natural Gas (million cubic feet)	Diesel (1000 gallons)
Thermal Oxidizer	<input type="text"/>	<input type="text"/>
Dryers	<input type="text"/>	<input type="text"/>
