Clinic: 785/843-0721 Fax: 785/843-2930

September 19, 2003

The Kansas Department of Health and Environment announced today during their 3:00 p.m. press conference that the total number of laboratory-confirmed cases of cryptosporidiosis will be released from their agency rather than the Lawrence-Douglas County Health Department. This change is in response to the increased surveillance activities for cryptosporidiosis in northeast Kansas.
