## 30 Second PSA – Seasonal Flu

**Group:** Who needs the flu vaccine?

**Narrator:** You do! People who are pregnant, under two years old, in their teens, over 50, have asthma or other chronic conditions are ESPECIALLY at risk for deadly complications from the flu.

You can help prevent spreading the flu by covering your mouth when you cough or sneeze, stay home if you are sick, and most importantly, get vaccinated.

The flu vaccine is safe and is widely available.

**Group:** The flu ends with you!

**Narrator:** Stay healthy. Get vaccinated. A message from the KDHE.
