

# Transcript – Three Generations

## 30 Second PSA – Seasonal Flu

**Daughter:** Who needs the flu vaccine?

**All:** You!

**Daughter:** Getting the flu vaccine was an easy decision for us. My daughter, Anna, is a cancer survivor which puts her at a greater risk for complications from the flu.

**Granddaughter:** And all three of us have asthma.

**Mother:** Getting the flu shot was a very easy choice for me. Not only to protect myself but my daughter and my granddaughter.

**All:** The flu ends with you!

**Narrator:** Stay healthy. Get vaccinated. A message from the Kansas Department of Health and Environment.
