

Verification of Citizenship and Identity

You must give us proof of citizenship and identity for each person in your family who wants health insurance. If you have already sent proof, you do not need to send it again.

Please provide copies of the following:

One of these will verify both citizenship and identity

- U.S. Passport
- Certificate of Naturalization
- Certificate of Citizenship
- Native American Tribal Document

If you do not have any of the above mentioned documents you must provide **two forms** of documentation, one for citizenship & one for identity.

The following provides acceptable options:

One of these Citizenship documents:

- Birth certificate or birth record
- Adoption records showing place of birth
- Military record

One of these Identity documents:

- Driver's license or State ID with photo
- Military ID

One of these will verify the identity of a child under 16 years of age:

- School ID or Records
- Safe Kids/Ident-a-Kid card
- Immunization or Medical Records
