

Kansas Medical Assistance

MediKan Program

The MediKan program provides medical services for people with physical or mental disabilities. The MediKan program may provide medical services to people who would not qualify for other state or federal medical programs. Persons may only receive MediKan for a maximum of 12 months. If you apply for MediKan, you must also apply for Social Security disability benefits. You must have very low income and resources to be eligible for the MediKan program. Some resources are exempt including:

- The home where you live;
- Assets under \$2000;
- Your car.
