

Medical Coverage for Parents or Caregivers of Children

GENERAL REQUIREMENTS

This program is available to low-income families with children. To qualify, there must be children in the home under the age of 19. This includes children living with parents, relatives, legal guardians or other caretakers.

To be eligible, you must be a Kansas resident. You also must be a U.S. citizen or an eligible non-citizen. If you are not an eligible non-citizen you may be eligible for a program called SOBRA. SOBRA may provide coverage of emergency services, including labor and delivery.

FAMILY SIZE

Your family size is usually determined by your income tax unit. The application should list each person who is living in the home. The agency will decide who has to be counted in the household. For most people the household is the same as your income tax unit.

ASSETS

We don't count resources or assets for this program.

INCOME

The income of all individuals in your family size is counted. This includes wages from a job, self-employment, unemployment benefits, and Social Security (except SSI).

INCOME STANDARDS

The monthly countable income will be compared to the income standards below.

If the family income exceeds the maximum income limit for this program, the children can then be considered for coverage under the children's medical program (See [Medical Coverage for Children](#) fact sheet for additional information.)
