**Claim Action:** Limited to regular payments

**Date:** Data set limited to date of service within state fiscal year 2006 and 2007 and those received by KHPA by December 31, 2008.

**Note:** With FY 2007, KID made a decision to eliminate some of the smaller companies from the mandated filing list. Many of the companies included in 2006 data were companies providing supplemental Medicare policies so the number of claims was about one-third higher than the 2007 claims total.

This data concentrates on those activities for screening for osteoporosis and does not include treatment or management of the disease.
