Approval of May 24, 2011, Meeting Minutes

Minutes were unanimously approved as written.

HealthQuest Rewards Program

Mike Michael, KDHE-DHCF, State Employee Health Plan, used PowerPoint to illustrate the proposed HealthQuest Rewards Program. Employees will be able to earn credits by participating in wellness activities in order to earn an annual discount of \$480 on their health insurance premiums beginning in plan year 2013. Employees will be asked to record their participation on the health portal. Employee participation in the wellness activities could result in lower health risks and projected health care savings.

The committee discussed some difficulties that have been reported in using the health portal and suggested that the State Employee Health Plan consider using the employee self service center to make it easier for employees. The committee also discussed that, due to timing, the first year should have fewer points required.

Next EAC Meeting

It will be held on Wednesday, November 16, 2011, LSOB Rm. 106 at 10:30 a.m.
