FROM: Mike Michael

DATE: June 6, 2014

SUBJECT: **Vendor for New Plan C Health Reimbursement Account (HRA)**

At the April 21, 2014 Health Care Commission (HCC) meeting approval was given to offer Plan C with a Health Reimbursement Account (HRA) option. The current Health Savings Account (HSA) administrator, U.S. Bank, is able to administer an HRA for the plan. Staff met with U.S. Bank to discuss their qualifications, services and pricing. The review of the service options focused on the member experience and available tools, vendor flexibility and administrative cost to the plan.

Recommendation:

Staff recommends that an amendment be awarded to U.S. Bank to administer the HRA.
