

MAP OF STATE CIGARETTE TAX RATES

Average State Cigarette Tax: \$1.11 per Pack

Average Cigarette Tax in Major Tobacco States: 33.5 cents per Pack

Average Cigarette Tax in Non-Tobacco States: \$1.22 per Pack

Map shows state cigarette tax rates in effect now and those that will go into effect this calendar year on January 1, 2008 (MD, WI). The six states that have not increased their cigarette tax rate since 2001 or earlier are marked in bold. Currently, 26 states, DC, Puerto Rico, the Northern Marianas, and Guam have cigarette tax rates of \$1.00 per pack or higher. Nine states have cigarette tax rates of \$2.00 per pack or higher. The state averages, listed above, do not include Puerto Rico (with a population larger than those in 20 different states) or any of the U.S. territories (such as Guam). Including Puerto Rico raises the state average and the non-tobacco state average slightly. The major tobacco states with extensive tobacco farming and, often, cigarette manufacturing are NC, KY, VA, SC, TN, & GA. Federal cigarette tax is 39¢ per pack. Not shown are the special taxes or fees some states place on cigarettes made by Non-Participating Manufacturers (NPMs), the companies that have not joined the Master Settlement Agreement (MSA) between the states and the major cigarette companies. Some local governments also have their own cigarette taxes, such as Chicago (68¢), Cook County, IL (\$2.00), New York City (\$1.50), and Anchorage, AK (\$1.30). The U.S. Centers for Disease Control & Prevention estimates that smoking-caused health costs and productivity losses total \$10.28 per pack sold.
