*\*Please note that numbers below 5 are suppressed*

- In the Wichita Area (Butler, Harvey, Sedgwick and Sumner Counties), during the period of 9 years (1999-2007), 96 deaths due to unintentional injury occurred among children and adolescents ages 0-14 years.
- Out of the total 96 deaths due to unintentional injury among 0-14 years old, 17% of deaths were among children <1 years, 36% among children 1-4 years, 14% among 5-9 years and 32% among 10-14 years.
- About 41% of the total unintentional injury deaths were due to motor traffic accidents. About 59% of the total motor vehicle traffic accident deaths occurred among 10-14 years old and 26% of these deaths occurred among 1-4 years.
- About 23% of the total unintentional injury deaths among 10-14 years were due to Suffocation and another 20% were due to drowning.
- The mortality data showed a need of injury prevention efforts.
