

Immunize

and win a Prize!

Vaccines For Children Outreach Project

BeeWise Immunize

All children ages birth-24 months need immunizations to stay healthy and prevent future illness. Vaccinate your child by December 31st, 2016 and you become eligible to win one of the grand prizes!

Each time

you bring in your child for an immunization, you'll be one step closer to protecting the health of your baby for life, as well as winning the grand prize.

Enter the Grand Prize Drawing!

For each child that completes their primary series (4 DTap, 3 Polio, 1 MMR, 3 Hib, 3 HepB, 1 Varicella, 4 PCV) during the program, you'll be entered into a grand prize drawing held in January 2017.

More prizes!

Over 300 prizes will be awarded to winners in all 105 counties, including a \$300 utility bill payment for one winning family at each participating provider!

Don't miss out on entering!

Your child must complete his or her immunization series by age 2 for your family to win.
