

# K-SERV

## Kansas System for the Early Registration of Volunteers

### **What is K-SERV?**

K-SERV is an online registration system that establishes and verifies the qualifications of volunteer health professionals. The system verifies the identity, certifications, and licenses of volunteers to be used in during incidents.

### **Why Register?**

Agencies are more likely to utilize your professional services if they can confirm that you qualifications have been verified. In the event of a disaster, you will be contacted in advance to help.

### **Who Can Register?**

Anyone can register in K-SERV! The intent of the system is to identify and pre-credential willing healthcare volunteers. However, everyone has a skill to offer during a response. If you want to respond to the needs of your community during an incident, register in K-SERV, regardless of your profession.

### ***To register on K-SERV, follow these steps:***

1. Get online and go to the K-SERV website: [www.kdheks.gov/it\\_systems](http://www.kdheks.gov/it_systems)
2. Click on the K-SERV logo 
3. Once on the K-SERV website, click on the link that says "New User? Register Here."
4. This will take you to an online volunteer registration form. Fill out the required fields on the application and then submit electronically.
