

Healthy Kansas Minute Radio Interview – Prostate Cancer Awareness Month

I'm Patrice O'Hara, the Cancer Program Manager with the Kansas Department of Health and Environment and this is the Healthy Kansas Minute.

June is Prostate Cancer Awareness Month. Prostate cancer is the leading cause of cancer deaths in men in the United States. In Kansas, 1,350 new cases will be diagnosed and the disease will cause 220 deaths in 2008.

Men aged 50 and over should discuss prostate screening with their health care professional.
