NESS COUNTY, KANSAS

CHAPTER 1

ADMINISTRATIVE PROCEDURES

SECTION 1-1.0 AUTHORITY AND POLICY

1-1.1 Legal Authority. This code is adopted under the authority granted to the Board of County Commissioners by K.S.A. 19-3701. et seq. and amendments thereto.

An Environmental code establishes standards to eliminate and/or prevent the development of environmental conditions that are hazardous to the health and well being of the public, and promotes the economical and planned development of the land and water resources of the county. For these reasons and objectives, it will be the policy of the Board of County Commissioners to adopt, and amend when necessary, an environmental code for the control of those environments and environmental conditions that may adversely affect the health and well being of the public.

1-1.3 Purpose. The purpose and intent of this chapter is to prescribe the administrative procedures to be followed in administering this environmental code or any amendments thereto.
