

Sedgwick County Dental Discount Program Available

The Sedgwick County Division of Human Services is sponsoring a new Dental Discount Program which can help members save an average of 20 percent to 50 percent on dental care, and up to 20 percent on orthodontics. Sedgwick County is one of a few pilot counties for this program designed to help uninsured or underinsured county residents.

Discount dental programs are easy to use -- members simply pay a small monthly fee (\$6.95 monthly/\$59 annually for an individual or \$8.95 monthly/\$69 annually for families) for access to participating providers who have agreed to give services at discounted rates. Members simply schedule an appointment with a participating dentist or specialist, then present the membership card to receive a discount at the time of service. At this time, there are 25 dentists participating, and more participating dentists are anticipated as the program grows.

Key factors of the Dental Discount Card:

- Everyone is accepted
- Family membership includes all family members
- All discounts are available at the time of service
- Unlimited plan usage, with no administrative forms or waiting periods
- Significant savings on dental cleanings, x-rays, braces, dentures, crowns, root canals and more
- Discount dental plans are a great option for individuals or families on tight budgets who would otherwise be underinsured or uninsured
- The plan can complement health insurance plans or work in conjunction with health savings accounts, flexible spending accounts and health reimbursement arrangements
