## **I. Introduction**

This is the Kansas Public Water Supply Loan Fund (KPWSLF, Loan Fund, or Fund) Annual Report for fiscal year 2015 (July 1, 2014 through June 30, 2015). This is the 18<sup>th</sup> year of operation for the Fund. The KPWSLF helps protect the health of Kansans by financing infrastructure improvements which provide safe drinking water.

The Fund is a revolving loan fund program that provides financial assistance in the form of loans to Kansas municipalities, at below market interest rates, for the construction of public water supply system infrastructure. The Annual Report is required by KSA 65-163k to describe how the state met the goals and objectives for the previous year as identified in the Intended Use Plan (IUP) required by KSA 65-163h. The federal Safe Drinking Water Act (SDWA) also requires a report, although on a biennial basis. Additional Environmental Protection Agency (EPA) requirements for the contents of this report are contained at 40 CFR Part 35, Subpart L.

## **II. Program Description**

Although the Loan Fund uses multiple sources for its operation, it was made possible by receipt of capitalization grants from the EPA. Kansas must provide 20% matching funds to receive the capitalization grant. The Fund has provided matching funds by issuing state match revenue bonds and by a \$5,000,000 allocation in accordance with K.S.A. 74-8203. As of June 30, 2015, \$39,667,388 has been deposited in the Fund as state match which is 20.18% of the \$196,548,122 of awarded capitalization grants that require state match. The state match bonds are repaid with the interest portion of the municipalities' loan repayments and other interest earnings of the Fund.

In the early years of the program, state match bonds were issued for a specific grant year. But as the program grew, bond issues were structured to obtain excess state match bond proceeds which are then credited towards match requirements of subsequent capitalization grants. On May 24, 2011, \$3,500,000 of State Match bond proceeds were deposited into the Fund to meet state match requirements for part of the 2012 capitalization grant, the entire 2013 capitalization grant, and part of the 2014 capitalization grant (the 2012 and 2013 grants were awarded prior to FY 2015). On December 17, 2013, \$1,300,000 of State Match bond proceeds were deposited into the Fund to meet the remaining state match requirement for the 2014 capitalization grant and \$173,764 of state match requirement for the 2015 capitalization grant. On December 18, 2014 \$2,200,000 of State Match bond proceeds were deposited into the fund to meet the remaining state match requirement of the 2015 capitalization grant and \$357,764 of future capitalization grants. Exhibit 11 shows state match deposits associated with recent grants.

Another significant source of funds used in the KPWSLF is leveraged bond proceeds. The KPWSLF's first leveraged bond issue was in 1997 and the most recent issue was in 2011. All KPWSLF bonds issued since 2004 have been AAA rated.

The KPWSLF is operating as both a leveraged reserve loan program and a cash flow leveraged loan program. In a leveraged reserve program, the EPA capitalization grant is not loaned to public water supply systems. Instead, the capitalization grant is deposited in a reserve account, and pledged as security for repayment of state issued revenue bonds (leveraged bonds). The revenue bond proceeds are loaned to municipalities. Investment earnings from the reserve account are combined with loan repayments from municipalities, thus allowing loans to be

offered at interest rates less than the market rate.

In a cash flow leveraged loan program the EPA capitalization grant is directly loaned out and the repayments of those loans are pledged as security for repayment of state issued revenue bonds (leveraged bonds). The revenue bond proceeds are also loaned to municipalities and such loans are pledged as security for repayment of the state issued revenue bonds. Since a portion of loans are funded with EPA capitalization grant funds which the program does not pay interest on, the pool of loans can be offered at interest rates less than the market rate.

The pool of potential borrowers from the Loan Fund includes two distinct types of municipalities, cities and water districts (rural and wholesale). Water districts lack the general taxing powers of cities, and are perceived in credit markets as a greater financial risk. The Loan Fund provides equal access to both types of borrowers, but requires different pledges of security to receive a loan.

Cities are required to pledge their taxing authority as a backstop to water system revenues in order to receive a loan; or as an alternative to pledging their taxing authority, may pledge system revenues only and purchase a bond insurance policy. Water districts are required to either purchase an insurance policy or choose one of two debt service coverage (DSC) ratio options. The first option is to maintain a 125% DSC with a 10% reserve account. The other alternative is to maintain a 140% DSC with no reserve account. The required reserve amount may be included in the loan, and is held by the Loan Fund. Interest earnings from the reserve account that do not exceed the loan rate are credited to the borrower resulting in a reduced interest cost for the amount of the required reserve. All water districts, and some cities, are required to enter into a Financial Integrity Assurance Contract (FIAC) with the Kansas Rural Water Finance Authority (KRWFA) as a condition of receiving a loan. The FIAC requires the loan recipient to submit annual budget and quarterly financial and operating data reports to KRWFA for review. The intent of the FIAC is to make professional financial and management assistance available to the recipient, to assure debt obligations are satisfied and to identify problems in daily operations so they can be corrected before they lead to financial problems.

The KRWFA also reviews financial information from all loan applicants to assess the ability of the applicant to take on additional debt and meet loan repayment obligations. These financial reviews and the FIAC arrangement, provide strong assurances to the financial markets that the Loan Fund will operate on a sound financial basis.

Funding to implement and administer the Loan Fund is available through a set-aside from the federal capitalization grant and from a service fee built into the loan interest rate. No state general funding is needed for this program.

The KPWSLF and Kansas Water Pollution Control Revolving Fund (KWPCRF) have two cross collateralization mechanisms that are explained in detail in the Operating Agreement between KDHE and EPA and are also described in the Intended Use Plan. These cross collateralization mechanisms did not require any funds to be transferred from one program to the other during this annual report period.

### III. Goals and Objectives

The state must prepare an Intended Use Plan (IUP) on an annual basis. The IUP lists projects anticipated to be funded, the criteria used to determine which projects receive funding, and short term and long term goals for the program. This section of the annual report discusses the progress that has been made in meeting those short and long term goals.

#### A. Short Term Goals and Objectives

1. Provide funding options for systems to correct problems that have caused enforcement actions.

*Loan applications were sent out for 7 projects that would correct problems that have caused enforcement actions. Two systems (Hiawatha and Norwich) have completed applications.*

2. Provide funding for replacement of deteriorating infrastructure.

*Loans made to Kansas City Board of Public Utilities, Cowley Co. RWD #3, Ottawa Co. RWD #2, McCracken, Franklin Co RWD #5, and Ulysses will replace infrastructure that has reached its useful life or is no longer functioning effectively.*

3. Provide funding for technical assistance to small systems.

*KDHE provides technical assistance for small systems through third party contracts. These contracts have provided assistance to at least 261 small systems to help achieve compliance with the Safe Drinking Water Act, develop and maintain proper operation and maintenance procedures, develop appropriate financial and management procedures and provide technical assistance to systems using surface water as their source of supply. KDHE also manages a Small System Grant program which provides 50% matching funds for preliminary engineering studies for small systems that have an ETT (Enforcement Targeting Tool) score of 11 or above. The City of Severy was awarded a small system planning grant during the program year.*

4. Encourage projects that consolidate or interconnect in a regional manner which would reduce public health risks or make more efficient use of source water capacity and treatment processes.

*KDHE manages a Regional PWS Planning Grant Program (funded from the Other Authorized Activities set-aside) which provides 50% matching funds for preliminary engineering studies that evaluate regional solutions to address public water supply system needs and challenges. Chautauqua Co. RWD #4 was awarded a regional planning grant during the program year. The KPWSLF also encourages interconnection projects through the IUP ranking procedure. Five projects for interconnections were on the 2015 Project Priority List, but the loan applications for these projects were not completed.*

5. Revise loan application to provide more details regarding Technical, Financial, and Management capabilities.

*Part 3 of the loan application was updated to obtain information identical to the voluntary Capacity Development System Survey. This ensures KDHE has adequate data on applicants to determine Technical, Financial, and Management capabilities.*

6. Assure small public water supply systems are included in the loan program by providing at least 20% of available loan funds to systems serving a population of less than 5,000.

*State law requires KDHE to make 20% of the total dollar amount in loans to be made available from the Fund to public water supply systems with populations less than 5000 people. The SDWA requires 15% of the total amount available for assistance from the Fund each year to be made available to systems serving less than 10,000 people. These requirements were established to ensure small systems have access to loan funds. Historically, no small system has been denied loan funding due to lack of available funds and KDHE does not anticipate that to change.*

*Systems that serve less than 10,000 have received 213 of the 281 loans made since the program began, amounting to \$256,478,186, or 43.06% of the total dollar amount of loans. Systems in this category received committed funds of \$10,917,081 or 48.55% of the loan funds awarded during the fiscal year.*

*Municipalities with less than 5,000 population have received 203 of the 281 loans since the program began, amounting to \$237,350,871 or 39.85% of the total dollar amount of loans. Municipalities in the category received \$8,088,840 or 35.97% of the loan funds awarded during the fiscal year. Populations of systems are shown on Exhibits 5a and 8a.*

7. Spend down grant funds within 2 years from the date of the grant award for all open and future capitalization grants.

*As of June 30, 2015, the KPWSLF had 3 unexpended grants, the 2013 grant awarded July 29, 2013 (unexpended funds \$73,889), the 2014 grant awarded July 7, 2014 (unexpended funds \$819,911), and the 2015 grant awarded April 14, 2015 (unexpended funds \$6,643,871). All of these grants were less than 2 years old. The 2013 grant was fully spent within the second month of FY 2016 which is a month longer than the 2 year goal. The 2014 grant is expected to be fully expended prior to the end of FY 2016.*

8. Complete capitalization grant applications within 3 months of the establishment of final allotment amounts by EPA.

*The 2015 capitalization grant allotment was provided to the KPWSLF on January 13, 2015. The complete application was submitted to EPA on March 5, 2015.*

9. Deposit and spend any required state match prior to capitalization grant award.

*The needed state match for the 2015 grant was deposited into the Fund on December 18, 2014, and disbursed for project costs to the City of Atchison on December 19, 2014. The 2015 capitalization grant was awarded on April 14, 2015.*

B. Long Term Goals and Objectives

1. Maintain a well managed perpetual program to allow a source of funds to be available to systems in need.

*The most recent financial audit and EPA program evaluation presented no significant issues with the management of the program and the most recent financial models show the program can continue to make funds available to systems for the foreseeable future.*

2. Encourage systems to choose projects with the most cost effective solutions.

*During the application process, projects are reviewed and alternatives analyzed to assure the proposed solution is cost effective.*

3. Encourage systems to implement projects that have little, if any, significant impact to the environment.

*The loan made to Ulysses during the fiscal year was issued under a categorical exclusion due to the project consisting of existing infrastructure replacement. The remaining 7 loans were issued under a Finding of No Significant Impact.*

4. Continue to implement and expand the Capacity Development Program.

*The Capacity Development program provided assistance to at least 272 public water supply systems during the year. For details and additional information, the Capacity Development annual report can be downloaded from the internet at <http://www.kdheks.gov/pws/capdev.html>*

5. Explore ways to make the program more affordable/desirable to systems.

*KDHE continues to keep the application and approval process less complicated than other funding alternatives in an effort to make the program more desirable to use. Utilizing the internet as a source of current information and downloadable documents also makes the process easier to use and understand.*

6. Comply with state and federal laws and the state/EPA capitalization grant agreement.

*KHDE has complied with all applicable laws and agreements. EPA's most recent program evaluation did not indicate any compliance issues. All loans executed during the program year included Davis Bacon provisions and all loans executed*

after January 16, 2014 have included American Iron and Steel requirements.

7. Assist water suppliers in meeting SDWA requirements.

*Projects needed by municipalities to comply with SDWA primary drinking water regulations receive more priority ranking points than projects needed to meet any other ranking category.*

8. Protect public health.

*The loan for Norwich will specifically fund a project that will return the system to compliance with drinking water regulations by resolving MCL violations.*

#### IV. Loan Fund Activity

Eight new loans, 6 increase amendments, and 10 decrease amendments, were processed during FY2015 for a net amount of \$22,486,253. The new loans are listed in Exhibit 5a and are shown on a Kansas map in Exhibit 5b. As of June 30, 2015, 281 loan commitments, for a total of \$595,648,608, have been made since the Program's inception. Exhibit 8a contains summary information for these 281 loans and their locations by county are shown on a Kansas map in Exhibit 8b. Figure 1 shows the last 5 years of loan and amendment amounts by fiscal year and Figure 2 shows the last 5 years of agreements by fiscal year. Table 1 describes projects funded during the fiscal year and Table 2 lists projects that were removed from the Project Priority List.

KPWSLF Loan Agreements  
(5 Year Trend)**

**Table 1  
New Loan Descriptions**

<b>Municipality</b>	<b>Pop-ulation</b>	<b>Pop-ulation Served</b>	<b>Loan Amount</b>	<b>Loan Effective Date (Binding Commitment)</b>	<b>Loan Execution Date</b>	<b>Project Description</b>
Cowley Co. RWD #3	2,500	2,500	\$1,995,944	July 11, 2014	August 4, 2014	Water tower replacement and new disinfection treatment facility
Franklin Co. RWD #5	855	855	\$699,718	December 2, 2014	January 13, 2015	Water tower replacement
Kansas City Board of Public Utilities	147,268	173,629	\$13,000,000	July 9, 2014	July 23, 2014	Filter and Pump Improvements at the water treatment plant and waterline replacement
McCracken	190	190	\$315,000	August 26, 2014	September 22, 2014	New well and connecting waterlines, standby generator and storage rehabilitation
Nemaha Co. RWD #3	2500	2668	\$2,092,744	January 5, 2015	May 15, 2015	Waterline construction to resolve low pressure issues
Norwich	487	487	\$2,260,209	March 3, 2015	April 16, 2015	Construct new water treatment plant to reduce nitrates – qualifies for principal forgiveness
Ottawa Co. RWD #2	1,794	1,794	\$970,929	July 30, 2014	August 14, 2014	Water tower replacement
Ulysses	6,274	6,274	\$2,373,922	March 6, 2015	April 16, 2015	Waterline replacement

**Table 2**

System	Project Description	Reason for Removal
Mahaska	Construct Blending System to Reduce Radium	Unresponsive
Timken	Interconnect to Reduce Uranium and Replace Waterlines	Unresponsive
Pretty Prairie	WTP for Nitrate Removal, Distribution Improvements	Unresponsive
Vermillion	Interconnect with Marshall Co. RWD #3, Rehab Storage	Unresponsive
Johnson Co. RWD #7	Waterline to Serve Morning Deer Valley	Unresponsive
Johnson Co. RWD #7	Alternate Supply Line, waterline replacement	Unresponsive
Howard	Replace Waterlines	Unresponsive
Almena	Storage Rehab, Replace Waterlines and Meters	Unresponsive
Butler Co. RWD #6	New Stoney Creek Rd Waterline to Increase Pressure	Combined Project
Butler Co. RWD #6	New Waterline to Increase Pressure to City of Latham	Combined Project
Butler Co. RWD #6	Replace Aging SCADA system	Combined Project
Butler Co. RWD #6	Replace Beaumont Standpipe	Combined Project
Butler Co. RWD #6	Replace Keighley Standpipe	Combined Project
Butler Co. RWD #5	Replace Pumpstation	Unresponsive
Reno Co. RWD #1	Connect to Hutchinson	Unresponsive
Johnson Co. RWD #7	New Water Tower	Unresponsive
Johnson Co. RWD #7	New Water Tower to Share with Spring Hill	Unresponsive
Chapman	New WTP to Remove Iron and New Storage	Unresponsive
El Dorado/Regional Supply	New Water Treatment Plant	Unresponsive
Chautauqua Co. RWD #4	Connection to consolidate Montgomery Co. RWD # 13	Abandoned Project
Neodesha	Intake Structure Replacement, Pre-sedimentation Basins	Used Other Funding
La Cygne	Replace Waterlines	Used Other Funding

Projects are considered unresponsive when loan application submittal deadlines are exceeded and the system makes no effort to contact KDHE. All systems have the opportunity to resubmit projects for the next Intended Use Plan or the semi-annual amendment to the existing Intended Use Plan.

**V. Set-Aside Activities**

The SDWA includes several provisions allowing states to reserve a portion of the capitalization grant for specific purposes. KDHE reserved a total of \$18,259,536 for set-asides from the FFY1997–FFY 2015 capitalization grants equaling \$216,048,122. Figures 3 thru 7 show the amount of set-asides available and expended for the latest 5 year period (the area between the amounts available and expended represents federal grant unliquidated

obligations). Exhibit 10 contains detailed information about the amount of set-asides reserved and drawn to cover expenses. Exhibit 6 shows a quarterly summary of when these set-asides were recorded as an expenditure as well as when money was drawn from capitalization grants (which can include expenditures recorded in a previous year).

The following paragraphs discuss the set-asides taken by KDHE and work performed.

**A. Program Administration.** The SDWA allows the state to reserve 4% of each capitalization grant to administer the loan program. As of June 30, 2015 KDHE has reserved \$7,485,472 from all capitalization grants and expended \$6,875,659. Recorded fiscal year expenditures for this set-aside were \$521,132 and \$522,791 was drawn from capitalization grants, leaving \$637,825 available to draw beginning July 1, 2015.

Funds are used support approximately 6.2 FTE's who perform SRF duties. Work performed included 10 loan application reviews, 134 financial audit reviews, 12 environmental reviews, loan program marketing, design review and approval of 19 projects, project ranking for the IUP, priority list management for the IUP, tracking of over 273 loan repayments, 148 construction inspection site visits, processing 169 loan disbursements, National Information Management System (NIMS) and Project Benefits Reporting (PBR) data maintenance, Federal Funding Accountability and Transparency Act (FFATA) reporting, and data gathering, reporting, and training for the needs survey. This set aside also pays for general office supplies, and any other costs associated with the operation of the KPWSLF.

**B. Technical Assistance to Small Systems.** The SDWA allows the state to reserve 2% of each capitalization grant to provide technical assistance to systems serving populations less than 10,000. As of June 30, 2015 KDHE has reserved \$4,015,583 from all Capitalization Grants and expended \$3,709,343. Recorded fiscal year expenditures for this set-aside were \$212,364 and \$200,188 was drawn from capitalization grants, leaving \$358,704 available to draw beginning July 1, 2015. KDHE contracted with the Kansas Rural Water Association to provide this assistance. The contract is managed as

part of the Capacity Development Program and provides for a minimum of 2,000 hours of on-site technical assistance for resolving compliance issues, operation and maintenance problems, and improving performance of surface water treatment plants. Assistance was provided to 171 small

part of the Capacity Development Program and provides for a minimum of 2,000 hours of on-site technical assistance for resolving compliance issues, operation and maintenance problems, and improving performance of surface water treatment plants. Assistance was provided to 171 small

water supply systems. All funds spent from this set aside were used to pay contract invoices, no funds were used to support KDHE FTE's.

**C. State Program Management.**

Another provision of the SDWA allows states to reserve up to 10% of the capitalization grant to supplement the public water supply supervision grant provided by EPA to the state to implement the national drinking water program. This set-aside can also be used to fund programs required by the SDWA, including operator certification and capacity development. States must match any funds from this set-aside on a dollar for dollar basis, and are allowed to

use State funds expended on its PWSS (Public Water Supply Supervision ) program in fiscal year 1993 (including PWSS match) as a credit toward meeting its match requirement. The value of this credit can be up to, but not greater than, 50 percent of the amount of match that is required. As of June 30, 2015 KDHE has reserved \$2,734,981 from all capitalization grants and expended \$2,178,336. Recorded fiscal year expenditures for this set-aside were \$196,274 and \$193,912 was drawn from capitalization grants, leaving \$569,351 available to draw beginning July 1, 2015.

Money from this set-aside has funded approximately 2.2 FTE's and costs for the Public Water Supply Supervision Program (PWSS) which includes the Capacity Development Program and the Operator Certification Program. The PWSS Program's general goal is to ensure drinking water is safe by implementation of drinking water standards and providing technical assistance. Funding for the program comes from several sources; this set-aside only funds a small portion of overall program costs. One FTE is 100% funded from this set-aside, the manager of the Capacity Development Program. The remaining FTE funding is supplemental funding for salaries of 3 positions that have responsibilities in implementing the Operator Certification Program, and supplemental salary funding for 1 position that reviews the impact of waste streams due public water supply infrastructure projects.

The manager of the Capacity Development Program administers the small system technical assistance contract (paid from the 2% Technical Assistance set-aside), coordinates the Public Water Supply Fee Fund Advisory Group, coordinates environmental reviews for PWS projects, and administers several contracts that are part of the Capacity Development Program (small systems operator training, KanCap training, emergency planning assistance, Technical Financial Managerial (TFM) survey support, financial planning and rate-setting assistance).

KDHE reports PWSS activities to EPA through the Performance Partnership Grant (PPG) work plans. Related activities partially supported from spending from this set aside during the fiscal year include coordinating over 200 operator certification training sessions, administering 8 operator certification examination sessions, tracking and review of enforcement data for all public water supply systems in Kansas, and quarterly SDIWS data submittal to EPA.

The match requirement for this set aside was funded from \$203,745 spent from the Public Water Supply Fee Fund (see Table 3 which shows the last 5 years of historic values). The Public Water Supply Fee Fund spending included \$197,760 of salary costs for PWSS staff (supplemental funding divided among 9 positions) and the remaining funds were spent on office supplies and communication services. The PWSS staff that are partially supported by these funds are responsible for providing administrative assistance services, tracking PWS system monitoring compliance, providing technical assistance for disinfection byproducts and lead and copper issues, reviewing consumer confidence reports, reviewing monitoring compliance, providing technical assistance for chemical and surface water treatment issues, providing technical assistance for bacteriological issues, and PWS data management.

**Table 3**  
**State Program Management Match Calculation**

State Fiscal Year	PWSS Match *	New Money PWS Fee Fund	State Program Management Set Aside Spent	Value of credit from 1993 PWSS Match	Percent of credit from 1993 PWSS Match (must be no greater than 50%)	
1993	\$211,767	\$0				
2011		\$195,908	\$238,563	\$42,655	18%	Matched 100% from new funds
2012		\$234,496	\$140,329	\$0	0%	
2013		\$242,320	\$327,390	\$85,070	26%	
2014		\$208,580	\$287,587	\$79,006	27%	
2015		\$203,745	\$193,912	\$0	0%	Matched 100% from new funds

\* Assume minimum

**D. Other Authorized Activity.** The SDWA allows states to reserve up to 15% of the capitalization grant to fund other authorized activities including awarding loans for source water protection purposes, providing assistance as part of a capacity development strategy, and establishment of well head protection programs. As of June 30, 2015 KDHE has reserved \$4,023,500 from all capitalization grants and expended \$3,684,917. Recorded fiscal year expenditures for this set-aside were \$471,519 and \$342,667 was drawn from capitalization grants, leaving \$537,520 available to draw beginning July 1, 2015. All funds spent from this set-

aside are paid to service contractors or grant recipients, no KDHE FTE's are funded.

Service contracts paid under this set-aside include small systems operator training, emergency planning assistance, asset management training, KanCap training, and on-site financial planning assistance including rate setting, budget review and capital improvement planning. Planning grant programs which provide matching funds for

regional water system feasibility studies and small system individual planning grants are also funded from this set aside. Payments for 4 planning grant projects were made during the fiscal

year. Through these contracts and grants, over 272 systems received assistance through the Capacity Development Program. The Capacity Development program submits an annual report to EPA that details its activities.

## VI. Fund Financial Status

### A. Available Funds

In addition to the regular collection of SRF fees and revolved funds, KDHE was awarded the 2014 and 2015 capitalization grants and obtained State Match Bond proceeds during the program year. Figure 8 shows these new sources.

Figure 9 shows the sources of funding that have been provided cumulatively through FY 2015. The capitalization grant is divided into 3 different categories, funds that were deposited in the leveraged reserve, funds used for set-asides, and funds made available to direct loan to systems. State match funds are listed separately as state match bond proceeds which are loaned directly to projects and state match from K.S.A. 74-8203 which was used as part of the leveraged reserve. The leveraged bond proceeds represent bonds that are leveraged from the KPWSLF bond indentures; these proceeds are loaned to systems for project funding. As loans are repaid to the KPWSLF and revenue bonds are paid off, any funds left over are revolved funds and become a source to make new loans with.

**Figure 9  
Cummulative Sources**

Exhibit 6 shows the amount of loan disbursements and recorded expenses of set-asides by quarter as well as ACH draws of set-aside funds. The differences between the set-aside expenses and draws are due to the time between the expenses being recorded and draws being made.

**B. Assets, Liabilities, and Net Position**

As illustrated by the Kansas Public Water Supply Loan Fund Statement of Net Position (Exhibit 1), the program accumulated assets of \$340,844,334 in its 18 years of operation including cash and investments of \$176,407,032, project loans receivable of \$161,279,208, and other assets of \$3,158,094. Liabilities of \$151,484,571 were incurred including bonds payable of \$145,901,138, and other liabilities of \$5,583,433 leaving a Net Position of \$200,285,479.

Net position represents the difference between assets, deferred outflows, liabilities and deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Currently the fund has no investment in capital assets. Net position is reported as restricted when there are external limitations imposed on their use. All assets of the program have been determined to be restricted assets in accordance with the conditions of the Public Water Supply EPA capitalization grants and bond covenants. Restricted net position includes EPA capitalization grants restricted for the 1) bond reserve fund, 2) loans to municipalities, 3) program administration expenses, 4) technical assistance, 5) state program management, 6) and other authorized activities 1452K (1)b. The amount of capitalization grants restricted for program administration, technical assistance, state program management, and other authorized activities 1452K (1)b is being recognized as revenue when earned. Also included in restricted net position is an account titled "Contributed Capital – State of Kansas". The account consists of monies contributed to the Fund per K.S.A. 74-8203, as amended and supplemented.

### **C. Revenues and Expenses**

According to the Statement of Revenues, Expenses and Changes in Fund Net Position (Exhibit 2), the changes in Net Position of \$15,059,980 shows the KPWSLF experienced revenues over expenses in FY 2015. Revenues consist of \$28,450,357 in operating and non-operating revenues. Operating revenue includes interest earned on loans of \$4,697,338, EPA capitalization grant administration receipts (Grant Revenue) of \$1,511,662, service fee revenue of \$563,559, and other revenue totaling \$162,764. Non-operating revenue includes interest of \$694,137 earned on the bond reserve account, \$1,506,062 from other investments, \$18,799,837 drawn down from federal capitalization grants for loan disbursements, and other non-operating revenues of \$514,998. Expenses consist of \$13,390,377 in operating and non-operating expenses. Operating expenses include program administration federal expenses of \$521,133, other set-asides of \$880,157, other program administration expenses of \$827,994 paid from loan origination and service fees, and loan principal forgiveness of \$3,975,907. Non-operating expenses include bond interest of \$7,170,990, and other bond expenses of \$14,196.

### **D. Statement of Cash Flows**

The Statement of Cash Flows (Exhibit 3) identifies the sources and the uses of cash during the fiscal year and demonstrates that the Fund had sufficient cash to meet its obligations.

### **E. Supplemental Schedules**

Exhibit 4 provides detailed information regarding Investments, Accounts Receivable, and Accounts Payable included on the Statement of Net Position (Exhibit 1).

### **F. Binding Commitments**

As shown in Exhibit 5a, the KPWSLF entered into binding commitments (loan agreements) with 8 municipalities for a total \$23,708,466. Six of the municipalities have a population less than 5,000 and 7 serve less than 10,000 persons. Exhibit 5a also shows 16 amendments to previous commitments for a net amendment total of -\$1,222,213. Loan agreement activity increased commitment amounts by \$22,486,253 for FY 2015.

### **G. Projects Completed and Started**

Projects in Atchison, Bonner Springs, Cottonwood Falls, Geneseo, Goddard, Gove, Harper, Kansas City BPU, Kinsley, Lyon Co. RWD #1, Lyons, Marshall Co. RWD #3, Osage Co. RWD #7, Pittsburg, Russell, and Smith Center were completed in fiscal year 2015. Details are provided in Exhibit 7a. Projects in Arkansas City, Beverly, Bird City, Chanute, Dickinson Co. RWD #2, Easton, Franklin Co. RWD #5, Geneseo, Harper, Kansas City BPU, Lyon Co. RWD #1, Manhattan, Moundridge, North Newton, Ottawa Co. RWD #2, Pittsburg, Public Wholesale WSD #4, Richmond, Russell, Salina, Scranton, and White Cloud were started in fiscal year 2015. Details are provided in Exhibit 7b.

### **H. Financial Integrity Assurance Contracts**

The Financial Integrity Assurance Contract (FIAC) is a contract between the borrower and

the Kansas Rural Water Finance Authority (KRWFA). The FIAC was developed as a program enhancement to assure borrowers without general obligation taxing authority could access the Loan Fund. Under a FIAC, the municipality is required to provide quarterly operating reports, an annual budget and an audit to the KRWFA. Municipalities required to enter into a FIAC are identified in Exhibit 8a. KRWFA has monitored the quarterly reports and reviewed the annual budgets of the FIAC borrowers. For the reporting period covering calendar year 2014, no systems were found to be below the required debt service coverage.

**I. Quarterly loan activity**

Quarterly loan activity, including loan disbursements and principal and interest repayments, is shown in Exhibit 9. At the end of FY15, \$520,626,995 had been disbursed to loan recipients (Project Payments, Interest Accrued, and Fees Accrued) with \$34,694,594 disbursed during the year. Cumulatively, \$345,506,736 in principal and \$95,274,966 in interest had been repaid with \$23,939,386.82 of principal and \$4,810,580.73 of interest being repaid during the fiscal year.

**VII. Compliance with Assurances and Grant Conditions**

The EPA guidelines and grant conditions suggest several other areas for this annual report to address. This section of the report will address those areas not already addressed in other sections of the report.

**A.** The state must establish in the report that it has reviewed all funded projects in accordance with the approved state environmental review procedure.

*Each of the 8 projects receiving assistance during fiscal year 2015 was reviewed in accordance with the “Environmental Review Procedure for the Kansas Public Water Supply Loan Fund”, dated July 1997. All reviews resulted in preparation of a categorical exclusion or a Finding of No Significant Impact. All increase amendments were due to increased construction costs without a scope change, so additional environmental assessments were not performed.*

**B.** The state must establish that it deposited its match on or before the date on which each grant payment was made.

*The \$2,016,400 of State Match required for the 2014 capitalization grant came from \$889,764 of the state match funds deposited in May 2011 (total deposit was \$3,500,000) and \$1,126,236 of the state match funds deposited in December 2013 (total deposit was \$1,300,000). The first scheduled 2014 capitalization grant payment was July 2014.*

*The \$2,016,400 of State Match required for the 2015 capitalization grant came from \$173,764 of the state match funds deposited in December 2013 and \$1,842,236 of the state match funds deposited in December 2014. The first scheduled 2015 capitalization grant payment was March 2015. The amounts associated with the 2015 capitalization grant will change due to a rescission grant amendment in FY 2016.*

**C.** The state must establish that it made binding commitments to provide assistance equal to the federal capitalization grant, less set-aside funds, plus the State Match funds within one year after receiving the grant payment.

*As of June 30, 2015 total binding commitments were \$595,648,608 and total grant payments and state match (excluding set asides) were \$237,071,810. The KPWSLF has far exceeded this requirement, in fact the requirement was met over 11 years ago (June 30, 2004 binding commitments totaled \$258,995,533).*

**D.** The state must establish that it managed the program in a fiscally prudent manner and adopted policies and processes to promote the long-term financial health of the fund.

*Exhibit 2 indicates the program had sufficient resources to cover expenses during the fiscal year. The Loan Fund charges a 0.25% loan origination fee to pay for the financial reviews, and all recipients required to enter into a FIAC are charged an additional 1% fee. A 0.35% service fee, which is included in the loan interest rate, will help to generate income to pay for continued administration of the program.*

*The financial audit for 2015 is included as Exhibit 16 of this report. The auditor's opinion indicates the financial statements present fairly, in all material respects, the respective financial position of the Fund.*

**E.** The state must establish that it complies with EPA grant regulations (40 CFR Part 31) and specific conditions of the capitalization grant.

*KDHE is complying with EPA grant regulations and with the specific conditions of the capitalization grant. The most recent EPA Program Evaluation report supports this statement.*

**F.** The state must establish that it complied with federal cross-cutting authorities that apply to the state as a Federal grantee and those which flow through to assistance recipients.

*No problems with cross-cutting authorities were encountered during the fiscal year.*

**G.** The state must demonstrate that it provided assistance only to eligible water systems and for eligible purposes under the EPA Guidelines.

*Kansas law allows for loans to municipalities, which are defined as political or taxing subdivisions of the state authorized to construct, operate, and maintain a public water supply. As defined, municipalities are eligible for assistance under the SDWA and federal regulations. All projects receiving assistance during the fiscal year are listed in Exhibit 5a and the need for the loan is described in Section IV of this report. KDHE identified these projects as eligible for assistance from the program.*

**H.** The state must demonstrate that it funded only the highest priority projects listed on the IUP, according to their priority and readiness to proceed, and have documented any procedures for bypassing priority projects on the IUP.

*Exhibit 12 shows the Project Priority List from the 2015 Intended Use Plan (IUP) and 8 projects from the list that were ready to proceed were funded during the program year. All projects on the IUP were given an opportunity to apply. No IUP projects seeking SRF funding were denied. Several projects informed KDHE they were no longer interested in the Loan Fund and were removed from the list. Several other projects did not turn in any portion of their loan application prior to the application deadline, nor did they contact KDHE to ask to be left on the list. These*

projects were considered unresponsive and removed from the list. Ranking and by-passing procedures are included in the 2015 IUP.

**I.** The state must establish that it has used fees only for eligible purposes and must submit information on the total dollar amount in fee accounts.

*Three types of fees are collected by the Fund; a Loan Origination Fee (LOF) of 0.25% of the loan amount; a fee for the Financial Integrity Assurance Contract (FIAC) of 1% of the loan amount; and a service fee of 0.35% of the outstanding balance (payments are made with the semi-annual loan repayments). The LOF and FIAC fee are typically capitalized into the loan as principal and the service fee is typically paid directly by the loan recipient; however, loan recipients are allowed to pay for the LOF and FIAC directly and are allowed to capitalize the service fees that accrue during construction before repayments begin, if desired. Fees may be used for program administration or other purposes allowed by section 1452 of the Safe Drinking Water Act (including set-aside uses). Fees that are paid directly by the loan recipient are also eligible to be used as state match or combined financial administration of the DWSRF and CWSRF program funds.*

*During the fiscal year, the Fund received Loan Origination Fees of \$88,303 and spent \$47,058, leaving an ending account balance of \$299,037. Financial Integrity Assurance Contract Fees collected were \$71,729 and expenditures were \$3,797.21, leaving an ending account balance of \$71,729. The service fees collected were \$562,030 with expenditures of \$696,716 leaving an ending account balance of \$4,211,414.*

*Loan origination fees were used to pay for costs of financial analysis of loan applications and technical assistance in completing loan applications. FIAC fees were used for costs of financial monitoring for loans secured only by revenues or for high risk municipalities. Service fees were used to pay the costs of program bond servicing; arbitrage rebate analysis; program accounting; Trustee services; software, hardware, office supplies, travel, salaries for PWS staff; record storage; PWS operator technical assistance; software maintenance and updates for SDWIS; ASDWA dues; and the KPWSLF annual audit. None of these fee funds were used to meet state match requirements and the KPWSLF and KWPCRf do not combine the financial administration of the Funds. Use of all fee income complies with EPA requirements.*

**J.** The State must agree to commit and expend all funds as efficiently as possible and in an expeditious and timely manner.

*The structure of the KPWSLF promotes efficiency in regards to committing and expending funds. Loan commitments are made based on loan fund capacity, but the funds to support expenditures of those loans are generated based on program cash flow needs. Because there can be a delay of 1 to 2 years between loan commitment and the first disbursement of that loan, this prevents the build up of excessive idle cash in the fund as would happen if funds were required at time of commitment. KDHE discontinued the practice of committing specific types of funds for specific loans at loan execution; instead, the source of funds used for disbursements are determined at the time of each disbursement request.*

*As of June 30, 2015 the KPWSLF grant Unliquidated Obligations (ULO's) were 3.5% of all capitalization grants received to date. The 2012 grant was completely expended and closed during FY 2015. As of June 30, 2015 only \$7,537,671 of grant funds remained unexpended (\$73,889 from*

the 2013 grant, \$819,991 from the 2014 grant, and \$6,643,871 from the 2015 grant. The 2013 grant was awarded on July 29, 2013 and by June 30, 2014 99% of those funds were expended. The 2014 grant was awarded on July 7, 2014 and by June 30, 2015 92% of those funds were expended. The 2015 grant was awarded on April 14, 2015 and by June 30, 2015 34% of those funds were expended. KDHE expects the 2013 and 2014 grants to be 100% expended during the 2015 fiscal year.

**K.** The state must draw cash from the capitalization grant in the amount of the proportionate federal share of eligible incurred project costs (Proportionality).

*All grant funds drawn for incurred project costs during the fiscal year were disbursed to loan recipients (cap grants were direct loaned). The required state match for the 2013, 2014 and 2015 grants (these grants were disbursed to loans during the year) were deposited and disbursed prior to the grant awards and therefore the proportionate federal share for incurred costs was 100% (40 CFR 35.3560 (g)(2)(ii)). State Match deposits and draw ratios were documented in each capitalization grant application.*

**L.** The state must show that it adopted and implemented procedures consistent with the requirements of 40 CFR 35.3530(d) and 40 CFR 35.3555(c)(9) if fund assets of the DWSRF program and CWSRF program were cross-collateralized.

*An Attorney General certification that state law permits cross-collateralization was submitted to EPA in November of 2010. The DWSRF Operating Agreement was amended to provide detail of the methods utilized for cross-collateralization and proportionality. This amendment was executed by both EPA and KDHE in December of 2010. Cross collateralization was also described in the 2015 IUP.*

**M.** The state must designate a group of loans equal to the capitalization grant amount that will be required to submit an audit that complies with the Single Audit Act requirements.

*Exhibit 13 shows loans that have been designated as receiving federal funds for Single Audit purposes related to the 2010 thru 2014 capitalization grants. The loan amounts listed exceed the actual capitalization grant amounts; however, it is possible that the actual funds disbursed will be less than the current loan commitment amount. If the total loan commitment amount is reduced below the capitalization grant amount, KDHE will designate new loans as receiving federal funds until the requirement is met.*

*For municipal fiscal year 2014 (for most municipalities the calendar year is the fiscal year) Atchison, Cottonwood Falls, Dickinson Co. RWD #2, Girard, Lyons, Manhattan, Oberlin, Osage Co. RWD #7, Pittsburg, Salina, and the Kansas City Board of Public Utilities were disbursed enough designated federal funds to trigger a Single Audit (assuming KPWSLF was their only source of federal funds). The Single Audit for Lyons, Atchison, Cottonwood Falls, Girard, Dickinson Co. RWD #2, and Pittsburg were submitted prior to the publication of this report. These audits had no findings that required follow-up from KDHE. The remaining Single Audit reports will be reviewed by KDHE once they are received.*

*The loans reported for the 2011 grant have been fully disbursed during the fiscal year and closed so they will no longer be reported in future annual reports. Starting with the 2014 capitalization grant, the Single Audit and Federal Funding Accountability and Transparency Act*

*(FFATA) listing consist of the same loans and are referred to as equivalency projects. The 2014 capitalization grant equivalency project is the loan to the Kansas City Board of Public Utilities for Project # 2823 (loan amount is \$13,000,000). The equivalency project for the 2015 capitalization grant has not been determined as of the publication date of this report.*

**N.** Capitalization grant conditions require KDHE to provide information in the annual report regarding additional subsidy compliance.

*Loans that are scheduled to receive additional subsidy (in the form of principal forgiveness) from the 2010 thru 2013 grants are listed in Exhibit 14. KDHE does not officially award principal forgiveness until all loan disbursements are made and the loan is finalized; therefore the amounts listed for loans that are not finalized are estimates (this is also indicated in the loan agreements). The final principal forgiveness is calculated as a percentage of qualifying disbursements. Because these projects are not complete, or in some cases not even advertized for bids yet, the exact additional subsidy amount will be determined in the future and Exhibit 14 will be updated accordingly. The estimated principal forgiveness amounts for existing loans exceed the minimum amounts required by the 2010 thru 2012 grants. During FY 2016, KDHE expects to execute loans with estimated additional subsidy that exceeds the minimum requirement for the 2013, 2014, and 2015 grants. This is also reflected in the 2016 IUP.*

*Of the loans listed, \$4,003,645 of additional subsidy has been officially awarded for the 2010 grant (the \$67,339 of additional subsidy reported in the 2014 Annual Report was moved from the 2011 grant to the 2010 grant). The 2010 grant requires at least \$4,981,500, the 2011 grant requires at least \$3,456,600, the 2012 grant requires at least \$2,196,200 and no more than \$3,294,300, the 2013 grant requires at least \$2,060,400 and no more than \$3,090,600, be provided as additional subsidy, the 2014 and 2015 grants require at least \$2,016,000 and no more than \$3,024,000 be provided as additional subsidy. KDHE expects that the minimum additional subsidy requirement for the 2010 and 2011 grants will be officially awarded during the 2016 fiscal year.*

*KDHE will execute additional loans that qualify for additional subsidy or increase additional subsidy amounts for existing loans as needed to meet this requirement. Because principal forgiveness cannot be awarded until final loan disbursements are made, compliance with this requirement cannot be determined at this time. All the loans listed that will receive additional subsidy were for projects that repaired, replaced, or upgraded infrastructure in existing communities, which follows EPA's sustainability policy.*

*EPA's guidance for implementing grant provisions related to additional subsidy encourages states to give additional subsidy to systems that could not otherwise afford a KPWSLF loan. These communities are generally referred to as disadvantaged communities. The Safe Drinking Water Act Amendments and resulting Federal regulations that created the drinking water state revolving funds allow states to independently develop affordability criteria and define disadvantaged systems as being the entire service area of a public water system that meets such state criteria. These disadvantaged systems are then eligible for loans with principal forgiveness or negative interest rate loans which would in effect give away a portion of the federal grant. When the KPWSLF was being developed, stakeholders did not support the use of these types of loan subsidies as they were thought to conflict with the technical, financial, and managerial requirements of the program, and allowing the grant to be given away would erode the ability of the KPWSLF to generate funds to meet demand. As a result, affordability criteria were not developed for the program. However, the KDHE project priority system includes a scoring criterion based on the applicant's median*

*household income compared to the statewide median household income. This helps assure lower income communities have access to the Loan Fund. KDHE is also member of the Kansas Interagency Advisory Committee (KIAC) which provides project funding information to systems seeking Community Development Block Grants (CDBG). The additional subsidy required by grant conditions is not limited to disadvantaged systems.*

**O.** The state must designate a group of loans equal to the capitalization grant amount that will be reported in compliance with the Federal Funding Accountability and Transparency Act (FFATA).

*Exhibit 15 shows loans and set-aside contracts that have been assigned to FFATA reporting in relation to the 2010, 2011, 2012, 2013, 2014 and 2015 capitalization grants. The loans and contracts reported for the 2011 grant have been finalized and closed so they will no longer be reported in future annual reports. KDHE expects the loans and contracts reported for the 2010 and 2012 capitalization grants will be finalized and closed during FY 2016.*

*Starting with the 2014 capitalization grant the FFATA and Single Audit listing consist of the same loans and are referred to as equivalency projects. The 2014 capitalization grant equivalency project is the loan to the Kansas City Board of Public Utilities for Project # 2823 (loan amount is \$13,000,000). The equivalency project for the 2015 capitalization grant has not been determined as of the publication date of this report.*

**P.** The state must indicate whether green projects were funded and what criteria were used.

*The KPWSLF did not execute any loans in FY 2015 that were considered green projects.*

As of June 30, 2015

Borrower Name	Project No.	Loan Agreement Commitment	Total Loan Payments	Balance of Loan Commitment	Project Description	Municipal* Population / Population Served	Small* System State/Fed	County	Financial Integrity Assurance Contract
Abilene	2001	\$ 1,400,000.00	\$ 1,400,000.00	\$ -	Construction of a water treatment plant to remove nitrate and excess iron and manganese from the source water	6,468 / 7,700	no / yes	Dickinson	no
Alma	2002	\$ 481,206.39	\$ 481,206.39	\$ -	Construction of approximately 1 mile of 8 inch pipe and a 200,000 gallon elevated storage tank	872 / 872	yes / yes	Wabaunsee	no
Almena	2392	\$ 615,500.00	\$ 615,500.00	\$ -	Installation of approximately 2,800 linear feet of 6 inch pipe for system looping, and appurtenances	469 / 469	yes / yes	Norton	no
Argonia	2702	\$ 2,076,718.00	\$ 43,432.10	\$ 2,033,285.90	Construction of a new water treatment plant to resolve nitrate and arsenic issues.	494 / 814	yes / yes	Sumner	no
Arkansas City	2649	\$ 1,226,071.25	\$ 1,226,071.25	\$ -	Install approximately 26,000 feet of waterline and all related appurtenances	11,416 / 12,516	no / no	Cowley	no
Arkansas City 2	2813	\$ 22,000,000.00	\$ -	\$ 22,000,000.00	Construction of a new water treatment facility	12,340 / 13,617	no / no	Cowley	no
Arlington	2385	\$ 526,728.52	\$ 526,728.52	\$ -	Construction of two new wells, the associated connecting pipe, and replacer deteriorated distribution pipe	440 / 440	yes / yes	Reno	no
Assaria	2182	\$ 489,000.00	\$ 489,000.00	\$ -	Construction of a new water supply well, 75,000 gallon elevated storage tank, approximately 5,650 linear feet of 6 inch pipe, and appurtenances	380 / 380	yes / yes	Saline	no
Atchison	2552	\$ 3,751,111.57	\$ 3,751,111.57	\$ -	Replacement of over 24,000 feet of deteriorated water line and construction of a new pump station with emphasis on energy efficiency	10,145 / 11,230	no / no	Atchison	no
Atchison 2	2745	\$ 3,224,692.17	\$ 3,224,692.17	\$ -	Replace an existing pumpstation with increased pumping capacity, and construct a new elevated water treatment plant site.	11,021 / 15,926	no / no	Atchison	no
Atchison 3	2566	\$ 9,594,373.00	\$ 6,201,501.07	\$ 3,392,871.93	Construction of an additional treatment process in order to lower crypto & TOC concentrations, the replacement of approximately 1,000 feet of existing main with larger size, and construction of a 1.5 million gallon elevated storage tank on the water treatment plant site.	11,021 / 15,926	no / no	Atchison	no
Baldwin City	2321	\$ 1,599,236.21	\$ 1,599,236.21	\$ -	Construction of 2 elevated .75 MG storage tanks, 7,115 linear feet of 6, 8, and 12 inch water main, demolition of ground storage tank, and installation of telemetry for new tanks	3,503 / 9,044	yes / yes	Douglas	no
Baxter Springs	2009	\$ 2,900,000.00	\$ 2,900,000.00	\$ -	Renovation and expansion of existing water treatment plant, adding one clarifying flocculator, one chlorine contact basin, renovating filters, chemical feed, electrical controls and a laboratory	4,351 / 4,351	yes / yes	Cherokee	no
Bentley	2531	\$ 370,333.11	\$ 370,333.11	\$ -	Construction of approximately 3,100 feet of pipeline, a new pump station, and disinfection treatment facility	496 / 496	yes / yes	Sedgwick	no

Borrower Name	Project No.	Loan Agreement Commitment	Total Loan Payments	Balance of Loan Commitment	Project Description	Municipal* Population / Population Served	Small* System State/Fed	County	Financial Integrity Assurance Contract
Bel Aire	2790	\$ 858,942.00	\$ 728,938.11	\$ 130,003.89	Water line improvements around Edgemorr Street between 41st and 45th Streets North. The project also consists of the replacement of 2,378 water meters with new radio-read meters.	6,806 / 6,806	no / yes	Sedgwick	no
Beloit	2760	\$ 515,000.00	\$ 515,000.00	\$ -	Replace approximately 2,000 residential and commercial water meters and upgrade them to have automated meter reading capabilities.	3,835 / 4,180	yes / yes	Mitchell	no
Beverly	2781	\$ 154,782.00	\$ 96,832.88	\$ 57,949.12	Development of a new well field, which has been proven adequate through test drills to yield a much better quality of water and will also have sufficient capacity for the city's relatively small usage.	161 / 161	yes / yes	Lincoln	yes
Bird City	2803	\$ 510,000.00	\$ 191,272.98	\$ 318,727.02	Replace existing waterlines along Burr St. and 1st St, replace all meters with meters that have automatic reading capabilities, install valves within the existing distribution system, install variable frequency drives at existing wells, and rehabilitate the existing elevated storage tank.	446 / 446	yes / yes	Cheyenne	no
Blue Rapids	2544	\$ 211,584.79	\$ 211,584.79	\$ -	Construction of a ground storage water tank that will replace an existing tank	1,041 / 1,041	yes / yes	Marshall	no
Bonner Springs	2453	\$ 900,000.00	\$ 690,144.62	\$ 209,855.38	Construction of a settling tank for water treatment plant backwash water and replacement of well #5, including the well house.	7,346 / 7,346	no / yes	Wyandotte	no
Brown Co. RWD #2	2487	\$ 130,046.61	\$ 130,046.61	\$ -	Construction of a booster pump station and connection to an existing distribution system	724 / 1,083	yes / yes	Brown	yes
Buhler	2701	\$ 1,330,171.92	\$ 1,330,171.92	\$ -	Expand the water treatment plant to add treatment processes to remove arsenic, iron, and manganese, rehabilitate the existing water tower, replace the existing storage pumps, and construct a sewer line to transport the waste from the new treatment processes	1,340 / 1,340	yes / yes	Reno	no
Burlington	2231	\$ 5,059,982.26	\$ 5,059,982.26	\$ -	Construction of a water treatment plant	2,765 / 5,640	yes / yes	Coffey	no
Butler County RWD #5	2500	\$ 400,000.00	\$ 400,000.00	\$ -	Establish a new pressure zone by installing a booster pump station, valve by-pass connections for pressure relief, and loops to resolve pressure issues outside of the new pressure zone, and replacement of residential meters	4,000 / 5,355	yes / yes	Butler	yes
Butler County RWD #8	2018	\$ 816,871.25	\$ 816,871.25	\$ -	Construction of a 200,000 gallon elevated storage tank and 7 miles of 6 and 10 inch water lines	928 / 928	yes / yes	Butler	yes
Caney	2491	\$ 1,344,166.58	\$ 1,344,166.58	\$ -	Rehabilitate the existing chlorine contact basin into a presettling basin, recommission an abandoned chlorine contact basin, change various chemical feed points, and reroute the water treatment plant yard piping	1,975 / 1,975	yes / yes	Montgomery	no

Borrower Name	Project No.	Loan Agreement Commitment	Total Loan Payments	Balance of Loan Commitment	Project Description	Municipal* Population / Population Served	Small* System State/Fed	County	Financial Integrity Assurance Contract
Carbondale	2186	\$ 1,350,459.61	\$ 1,350,459.61	\$ -	Replacement of 34,040 feet of 4 and 8 inch water mains, installation of 45 fire hydrants and 139 gate valves, and a new water tower	1,526 / 4,666	yes / yes	Osage	no
Carbondale 2	2413	\$ 2,617,293.70	\$ 2,617,293.70	\$ -	Construction of a new membrane filter water treatment system and replacement of the 6 inch asbestos cement finished water transmission main with 8 inch PVC	1,439 / 4,839	yes / yes	Osage	yes
Chanute	2022	\$ 1,750,000.00	\$ 1,750,000.00	\$ -	Construction of a 1 MG elevated water storage tank, approximately 2,900 linear feet of 10 and 12 inch waterlines, plant upgrades and automation	9,082 / 11,714	no / no	Neosho	no
Chanute 2	2364	\$ 632,556.99	\$ 632,556.99	\$ (0.00)	Replacement of a 3,400 foot section of 10 inch cast iron water line with PVC	9,217 / 11,714	no / no	Neosho	no
Chanute 3	2722	\$ 112,638.60	\$ 112,638.60	\$ -	Replace windows, raw water meters, and boiler at the water treatment plant as recommended by energy audit	8,843 / 10,875	no / no	Neosho	no
Chanute 4	2837	\$ 424,000.00	\$ 71,530.00	\$ 352,470.00	Replace the existing intake structure screens, pipe and valves with materials resistant to the accumulation of zebra mussels and also install a bridge crane system to access the pumps for servicing.	9,161 / 9,931	no / yes	Neosho	no
Cheney	2556	\$ 601,493.73	\$ 601,493.73	\$ -	Replacement of approximately 8,500 feet of water distribution pipe	1,963 / 1,963	yes / yes	Sedgwick	no
Cherokee County RWD #3	2444	\$ 1,738,382.00	\$ 1,738,382.00	\$ -	Construction of a new aeration and detention basin, filters, polymer feed system, high service pumps, new controls, two sludge lagoons and repair an existing basin.	1,625 / 1,773	yes / yes	Cherokee	yes
Cherryvale	2553	\$ 877,525.65	\$ 877,525.65	\$ -	Replacement of approximately one mile of water line, including valves and hydrants, and installation of an automated meter reading system	2,371 / 2,371	yes / yes	Montgomery	no
Chetopa	2188	\$ 1,624,416.46	\$ 1,624,416.46	\$ -	Water treatment plant expansion and renovation including raw water intake, solids contact unit, basin modifications, chemical feeders, filter renovation, plant piping, and controls	1,257 / 1,257	yes / yes	Labette	no
Cimarron	2024	\$ 1,511,421.15	\$ 1,511,421.15	\$ -	Replacement and upgrade of existing deteriorated and under-sized water lines with approximately 16,500 feet of new 6, 8 and 10 inch water lines	1,675 / 1,675	yes / yes	Gray	no
Clay Center	2479	\$ 9,689,510.05	\$ 9,689,510.05	\$ -	Construction of a 3.0 MGD reverse osmosis water treatment plant on new property purchased by the city, including transmission and distribution mains needed to connect the plant to the existing wells and distribution system	4,378 / 4,378	yes / yes	Clay	no
Clay Co. RWD # 2	2530	\$ 256,013.16	\$ 256,013.16	\$ -	Construction of two new wells and approximately 16,000 feet of pipeline to connect to the existing distribution system	950 / 950	yes / yes	Clay	yes

## INDEPENDENT AUDITORS' REPORT

Dr. Susan Mosier  
Secretary of Kansas Department  
Of Health and Environment  
Topeka, Kansas

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Kansas Public Water Supply Loan Fund (the Fund), an enterprise fund of the State of Kansas, as of and for the years ended June 30, 2015 and June 30, 2014, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Secretary of the Kansas Department of Health and Environment  
Kansas Public Water Supply Loan Fund

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the of the Fund as of June 30, 2015 and June 30, 2014, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of a Matter**

As discussed in Note 1 – Organization and Summary of Accounting Policies, the basic financial statements of the Fund are intended to present the financial position, changes in financial position and cash flows of only that portion of the financial reporting entity of the Fund that is attributable to the transactions of the Fund. They do not purport to, and do not, present fairly the financial position of the State of Kansas as of June 30, 2015 and the changes in their financial position and their cash flows, where applicable, for the years then ended, in conformity with the accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**Other Matters**

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 - 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 18, 2015, on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**JUNE 30, 2015 AND 2014**

The Kansas Public Water Supply Loan Fund (the Fund) provides financial assistance to Kansas municipalities in the form of loans for the construction of public water supply system infrastructure. The Fund is comprised of Federal Capitalization Grants, proceeds of revenue bonds issued to provide required state-matching monies, proceeds of revenue bonds issued to leverage the program and recycled monies.

In this eighteenth year of operation, the continued success of the Fund is shown below by providing project funding for the additional Public Water Supply needs of Kansas communities.

During the fiscal year ended June 30, 2015:

- ❑ FFY 2014 federal capitalization grant award of \$10,080,000 was awarded
- ❑ FFY 2014 federal capitalization grant amendment was received and there were no changes to the original amount
- ❑ FFY 2015 federal capitalization grant award of \$10,080,000 was awarded
- ❑ Federal capitalization grant dollars drawn down: \$18,799,837 for loans and \$1,259,557 for administration and other set-aside expenses
- ❑ Total available for loans-unexpended: \$0 recycled, \$0 leveraged, \$5,434,271 federal for loans, \$99,368,230 program equity and \$3,000,000 general fund
- ❑ Total loan agreements: 281 loans totaling \$595,648,608 of which \$520,626,995 has been paid in project payments
- ❑ Loan agreements:
  - New loans \$23,708,466 (8 loans)
  - Loan amendments: 6 increase amendments totaling \$1,348,811 and 10 decrease amendments totaling \$2,571,024
- ❑ Disbursements for project costs: \$34,694,597
- ❑ Average monthly disbursements FY2015: \$2,891,216
- ❑ Average monthly disbursements program-to-date: \$2,656,260
- ❑ Completed projects: 17 totaling: \$41,793,581
- ❑ Total revenue bond debt service paid: \$14,926,937

The Fund is reported as an enterprise fund of the State of Kansas. As such, we prepare three basic financial statements, notes to the financial statements and required supplementary information including this Management's Discussion and Analysis (MD&A). The Statement of Net Position presents the assets, deferred outflows, liabilities and deferred inflows of the Fund. Assets consist of cash, interest receivables from loans and investments, investments of idle funds and reserve funds, and loan receivables. Liabilities include revenue bond interest, other accounts payable, arbitrage payable, and revenue bonds payable. Net position includes the federal capitalization grants and State contribution deposited to the bond reserve account and the excess earnings of the Fund's operations since inception.

(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**Net Position**

	2015	2014	2013
Current and other assets	\$ 106,336,493	\$ 122,071,611	\$ 143,317,567
Noncurrent assets	234,507,841	209,355,479	169,672,933
Total assets	<u>340,844,334</u>	<u>331,427,090</u>	<u>312,990,500</u>
Deferred outflows of resources	<u>10,925,716</u>	<u>12,569,243</u>	<u>14,212,770</u>
Long-term liabilities	138,788,822	148,365,385	155,163,227
Other liabilities	12,695,749	10,405,449	8,382,401
Total liabilities	<u>151,484,571</u>	<u>158,770,834</u>	<u>163,545,628</u>
Restricted net position	<u>200,285,479</u>	<u>185,225,499</u>	<u>163,657,642</u>
Total net position	<u>\$ 200,285,479</u>	<u>\$ 185,225,499</u>	<u>\$ 163,657,642</u>

The decrease in current assets for the year ended June 30, 2014 of over \$21.2 million is due in large part to a net decrease in cash of over \$18.7 million. The main reason for the decrease in the cash was due to cash being used to purchase new investments. Additionally, \$3.8 million of loan prepayments was received this fiscal year.

The decrease in total liabilities for the year ended June 30, 2014 was over \$4.8 million. Revenue bonds payable decreased \$4.7 million.

The decrease in current assets for the year ended June 30, 2015 of \$15.7 million is due in large part to the decrease in the current portion of investments of over \$9.5 million. The Fund held more in the noncurrent portion of investments with an increase of over \$20.4 million. Additionally, \$15 million of loan prepayments were received this fiscal year.

The decrease in total liabilities for the year ended June 30, 2015 was over \$7.3 million. Revenue bonds payable decreased \$7.1 million.

Prior to the Series 2009 bonds issued on September 29, 2009, all bonds issued for this program are tax-exempt revenue bonds. The Series 2009 DW-1 bonds are tax-exempt revenue bonds and the Series 2009 DW-2 bonds are taxable Build America bonds. As a requirement for issuance of tax-exempt bonds, the Internal Revenue Service requires issuers to calculate and remit the amount of earnings attributable to the bonds that is in excess of the cost of the debt. For this Program, as of June 30, 2015 and June 30, 2014, there was no rebate liability for the Series 2004, 2009 DW-1, 2010-1, 2011, 2013 and 2014 bonds. The rebate liability is incrementally funded from the excess revenues available following each semiannual bond debt service payment. The Fund's revenue bonds payable totaled \$142.0 million and \$148.3 million at June 30, 2015 and 2014, respectively. Please refer to the notes to the financial statements for more information on debt activity.

(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

The Statements of Revenues, Expenses and Changes in Net Position provide information about the Fund resources and uses of those resources. This statement demonstrates that sufficient resources were generated to cover expenses during the fiscal year 2014. The change in net position as of June 30, 2014, was an increase of \$21.6 million. The Fund operating revenues decreased by 14.7% due to a decrease in interest on loans. The Fund operating expenses (excluding principal forgiveness expense) increased 18.9% due to an increase in grant expenses. Principal forgiveness decreased 0.6%. Nonoperating revenues, including capital contributions, increased 86.2% due to an increase in grant draws of over \$11.3 million. Nonoperating expenses decreased 36.6% due to a reduction in costs associated with the cash defeasance of bonds and interest expense on bonds. The FFY 2013 federal capitalization grant in the amount of \$10.3 million was awarded on July 29, 2013 and \$7.3 million has not been drawn down.

The change in net position as of June 30, 2015, was an increase of \$15.1 million. The Fund operating revenues increased by 5.3%. The Fund operating expenses (excluding principal forgiveness expense) increased 3.1% due to increase in grant expenses. Principal forgiveness increased 191.2%. Nonoperating revenues, including capital contributions, decreased 16.8% due to a decrease in grant draws of over \$4.7 million. Nonoperating expenses decreased 2.1%. The FFY 2014 federal capitalization grant in the amount of \$10.1 million was awarded on July 7, 2014 and \$0.8 million has not been drawn down. The FFY 2015 federal capitalization grant in the amount of \$10.1 million was awarded on April 14, 2015 and \$6.6 million has not been drawn down.

The Statement of Cash Flows are provided to identify the sources and the uses of cash during the fiscal year and to demonstrate that the Fund has sufficient cash to meet its obligations. During the year ended June 30, 2014, the Fund experienced a net decrease in cash of \$18.7 million. The main reason for this decrease is from new investments purchased during the year. The balance of the decrease is due to routine Program operations.

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

As of June 30, 2015, the Fund experienced a net decrease in cash of \$7.6 million. The main reason for this decrease is from new investments purchased during the year. The balance of the decrease is due to routine Program operations.

This report is intended to provide financial information about the Kansas Public Water Supply Loan Fund to State of Kansas and United States Environmental Protection Agency officials, investors and other interested parties and to discuss the activity and success of the Fund. For additional information you may contact William Carr, Program Manager, Kansas Department of Health and Environment or Martin Eckhardt, Manager, Statewide Agency Audit and Municipals, Office of Chief Financial Officer, Department of Administration.

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

---

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2015 AND 2014**

**1. ORGANIZATION AND SUMMARY OF ACCOUNTING POLICIES**

*Description of Program* – The Kansas Public Water Supply Loan Fund (the Fund) was established pursuant to Kansas Statutes Annotated (K.S.A.) 65-163d et. seq. in 1994 by the Kansas Legislature. The Fund was created to implement the State of Kansas’ (Kansas or the State) participation under the Federal Safe Drinking Water Act (the Federal Act) as amended by the Safe Drinking Water Act Amendments of 1996. Under Kansas law, the Secretary of the Kansas Department of Health and Environment (KDHE) administers the Public Water Supply Loan Program (the Program). The Federal Act authorizes the Environmental Protection Agency (EPA) to award capitalization grants for deposit into state funds in order to provide financial assistance for construction and management of public water supply systems. The Program is the response by the State to federal law changes governing the development of publicly owned, public water supply systems including the financing, construction and management of those systems. The state fund may be used to make loans, fund debt service reserves and provide other types of financial assistance to public entities. Initial funding for the Program is to be provided by the EPA capitalization grants and proceeds of bonds which will provide State match funds. The State match funds must be equal to 20% of the federal capitalization grants. The Fund is to be established, maintained and credited with loan repayments and the Fund equity is to be available in perpetuity for providing such financial assistance. The capitalization grants are included within the scope of the State of Kansas OMB Circular A-133 single audit.

Loans are made to municipalities from the Fund for eligible project costs as defined by federal and state law and regulations. These costs are primarily construction, planning and design engineering costs and other costs related to a municipal construction project. The 2015 Intended Use Plan established the interest rates for the loans, together with fees set for servicing the loans, to be an amount equal to 60% of the previous three months’ average “bond buyers 20 bond index” as published each week of the preceding three months. KDHE administers the aspects of the Program relating to selection of projects and the making of loans to eligible municipalities. The Department of Administration administers the accounting and reporting aspects of the Program relating to the receipt and disbursement of monies within the Fund including disbursement of loans to municipalities and billing and collecting of loan repayments. The Kansas Development Finance Authority (KDFFA) issues revenue bonds for the State matching funds needed and for leveraged borrowing for the Fund. Monies in the Fund are deposited with the Treasurer of the State (the Treasurer) and UMB (the Trustee).

*Basis of Presentation and Accounting* – The Fund is an enterprise fund of the State. The financial statements of the Fund have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Basis of accounting refers to when revenues, expenses and the related assets, deferred outflows, liabilities and deferred inflows are recognized in the accounts and reported in the financial statements. Measurement focus refers to what is being measured. The financial statements are prepared on the accrual basis of accounting and on an economic resources measurement focus in accordance with accounting principles generally accepted in the United States of America. With this measurement focus, all assets, deferred outflows, liabilities and deferred inflows are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in net total position. The statement of cash flows provides information about how the Fund meets the cash flow needs of its activities.

**KANSAS PUBLIC WATER SUPPLY LOAN FUND**  
**(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

---

**NOTES TO FINANCIAL STATEMENTS**

**Cash** – Cash includes balances on deposit with the Treasurer and the Trustee.

**Investments** – The Fund generally invests in investment agreements and repurchase agreements. These investments are stated at cost as they are not negotiable or transferable and are not affected by market fluctuations. The Fund also invests in State or municipal debt obligations and commercial paper. These investments are stated at their market value.

**Loans and Other Receivables** – Receivables include interest earnings, current loan repayments due and loan principal balances outstanding. All receivables are considered collectable; therefore, no allowance account has been established.

**Loan Reserve Deposits** – The loan reserve deposits have been established as required under certain provisions of certain loan agreements and consist of cash. Such loan reserve deposits may only be used to prevent an event of default in the repayment of principal or interest on certain loans.

**Debt Service Reserve Account** – The debt service reserve account was established as required under certain bond resolutions and consists of investments in investment agreements and repurchase agreements. The investments are stated at cost as they are not negotiable or transferable and are not affected by market fluctuations. No trustee is required by the bond resolutions. Contractually, such reserve accounts may only be used to prevent a default in the payment of principal or interest on bonds payable.

**Premiums and Discounts** – The interest method is being used to calculate amortization of premium and discount.

**Revenues** – The Fund revenues consist of operating and nonoperating revenues. Operating revenues include: 1) interest earned on loans, 2) federal grant dollars earned for loans and administrative costs, also known as program set-asides (program administration, technical assistance, state program management, and other authorized activities such as the authorization by section 1452 of the Safe Drinking Water Act (42 U.S.C. 300j-12) (1452K) (1)b), and 3) loan service fees earned. Nonoperating revenues include the investment income on bond reserves and other invested program monies and any other revenues not classified as operating revenues.

**Expenses** – The Fund expenses consist of operating and nonoperating expenses. Operating expenses include: 1) federal grant monies for administrative costs, also known as program set-asides (program administration, technical assistance, state program management, and other authorized activities under 1452K (1)b) and 2) principal forgiveness which is recognized upon completion of the project. Nonoperating expenses include: 1) revenue bond interest and 2) revenue bond premium and discount amortized.

**Net Position** – Net position represents the difference between assets, deferred outflows, liabilities and deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Currently the fund has no investment in capital assets. Net position is reported as restricted when there are external limitations imposed on their use. All assets of the program have been determined to be restricted assets in accordance with the conditions of the Drinking Water State Revolving Fund EPA capitalization grants and bond covenants. Restricted net position includes EPA capitalization grants restricted for the 1) bond reserve fund, 2) loans to municipalities, 3) program administration expenses, 4) technical assistance, 5) state program management, 6) and other authorized activities 1452K (1)b. The amount of capitalization grants

# KANSAS PUBLIC WATER SUPPLY LOAN FUND (AN ENTERPRISE FUND OF THE STATE OF KANSAS)

## NOTES TO FINANCIAL STATEMENTS

restricted for program administration, technical assistance, state program management, and other authorized activities 1452K (1)b is being recognized as revenue when earned. Also included in restricted net position is an account titled "Contributed Capital – State of Kansas". The account consists of monies contributed to the Fund per K.S.A. 74-8203, as amended and supplemented.

***Deferred Outflows/Inflows of Resources*** – In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Fund only has one item that qualifies for reporting in this category. It is the deferred amounts on refunding reported in the statement of net position. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the remaining life of the old bonds or the life of the new bonds.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Fund has no items that qualify for reporting in this category.

***Uses of Estimates*** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 2. INVESTMENTS AND DEBT SERVICE RESERVE ACCOUNTS

The Fund's investment policies are governed by Article IX of the Master Bond Resolution and Article VIII of the Master Financing Indenture. Allowable investments for the Fund cash balances held in the State Treasury and invested through the State Pooled Money Investment Board are as follows:

- Direct obligations of, or obligations that are insured as to principal and interest by, the U.S. Government or any direct agency thereof, with maturities up to four years
- Repurchase agreements with Kansas banks or with primary government securities dealers
- Limited interest bearing loans to various State agencies as specifically provided by law
- Certain Kansas agency and IMPACT Act projects and bonds
- High grade commercial paper

Specific Fund Investments – cash balances not held in the State Treasury may be invested as permitted by bond documents and bond covenants. Allowable investments include:

- U.S. Government obligations
- Obligations of government-sponsored agencies
- Federal funds, unsecured certificates of deposit, time deposits and banker's acceptances
- Deposits fully insured by FDIC
- Commercial paper
- Investments in money market funds
- Repurchase agreements

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

**NOTES TO FINANCIAL STATEMENTS**

- Stripped securities
- Investments in the Municipal Investment Pool Fund
- Investment agreements
- Guaranteed investment contracts

Monies held in the Funds and Accounts established under the Master Financing Indenture may be invested by the K DFA or by the Trustee to the fullest extent practicable in Investment Securities as defined in the Master Financing Indenture which include:

- Defeasance obligations
- Obligations of certain agencies not backed by the full faith and credit of the U.S. government
- Investments in money market funds
- Investment agreements
- Deposits-fully insured by FDIC
- Commercial paper
- State or municipal debt obligations
- Investments in the Municipal Investment Pool Fund
- Repurchase agreements
- Guaranteed investment contracts

As of June 30, 2015 and 2014, respectively, the program's investment and debt service reserve account balances were as follows:

Investment Type	Carrying Value	Maturity			
		Less Than 1 Year	1 - 5 Years	6 - 10 Years	More Than 10 Years
Repurchase agreements	\$ 9,651,214	\$ -	\$ -	\$ 9,651,214	\$ -
Investment agreements	13,375,036	-	-	13,375,036	-
State or municipal debt obligations	83,985,164	27,273,207	54,498,883	-	2,213,074
Commercial paper	9,016,346	9,016,346	-	-	-
	\$ 116,027,760	\$ 36,289,553	\$ 54,498,883	\$ 23,026,250	\$ 2,213,074

Investment Type	Carrying Value	Maturity			
		Less Than 1 Year	1 - 5 Years	6 - 10 Years	More Than 10 Years
Repurchase agreements	\$ 9,651,214	\$ -	\$ -	\$ 9,651,214	\$ -
Investment agreements	13,375,036	-	-	13,375,036	-
State or municipal debt obligations	63,278,959	26,278,909	37,000,049	-	-

	\$ 105,807,450	\$ 45,781,150	\$ 37,000,049	\$ 23,026,250	\$ -

**Interest Rate Risk** – Due to the tax exempt status of the bonds it is generally the practice of Fund management to match reserve fund interest rates to the arbitrage yield on the bonds and the term of the investments to the maturity of the bonds. For invested loan funds, the Fund generally invests to maximize the interest rate and set a term of investment based on estimated expenditures which is generally less than 3 years.

**Credit Risk** –The Fund holds investments that may have credit risk since the underlying securities may include securities other than those that take the form of U.S. Treasuries or obligations explicitly

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

**NOTES TO FINANCIAL STATEMENTS**

guaranteed by the U.S. government. The investments are unrated. Certain investments have an underlying collateral agreement.

**Concentration of Credit Risk** – The Fund places no limit on the amount that may be invested with any one provider. The tables below identify the percent of total investments held by each provider as of June 30, 2015 and 2014, respectively.

<b>Investment Provider</b>	<b>Fair Value</b>	<b>Percent of Total</b>
Citigroup	\$ 9,651,214	8.32%
AIG	13,375,036	11.53%
UMB Bank NA	93,001,510	80.15%
	\$ 116,027,760	100.00%

<b>Investment Provider</b>	<b>Fair Value</b>	<b>Percent of Total</b>

	\$ 105,807,450	100.00%

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

**NOTES TO FINANCIAL STATEMENTS**

**3. LOANS**

The loans made by the Fund to the municipalities may include interest and service fees capitalized during project construction. Loans are to be repaid not later than 21 years after project completion and must start repayments not later than one year after project completion. Principal and interest payments are due semi-annually. Interest rates on the loans outstanding at June 30, 2015, excluding the .35% service fee rate, range from 1.77% to 4.42%.

Estimated future maturities of the loans receivable and interest payments, at June 30, 2015 are as follows:

<b>Year Ending June 30,</b>	<b>Principal</b>	<b>Interest</b>
2016	\$ 9,688,738	\$ 4,103,804
2017	9,513,917	4,210,808
2018	9,846,856	3,926,264
2019	10,179,284	3,626,340
2020	10,285,941	3,317,995
2021-2025	52,309,755	11,928,520
2026-2030	38,673,450	4,943,724
2031-2035	19,688,441	1,133,857
2036-2037	1,092,826	15,800
	<b>\$ 161,279,208</b>	<b>\$ 37,207,112</b>

Certain of the above loans are funded from the American Recovery and Reinvestment Act (ARRA) monies, and the 2010, 2011, 2012, 2013, 2014 and 2015 capitalization grants. Principal forgiveness for ARRA loans totaled \$2,357,440 and \$0 as of June 30, 2015 and 2014, respectively, with a cumulative amount of principal forgiveness of \$9,837,409 on 23 loans. Principal forgiveness for 2010 capitalization grant loans totaled \$1,618,467 and \$1,365,318 as of June 30, 2015 and 2014, respectively, with a cumulative amount of principal forgiveness of \$3,936,306 on 17 loans. Principal forgiveness for 2011 capitalization grant loans had a cumulative amount of principal forgiveness of \$67,339 on one loan. Principal forgiveness has not been awarded for the 2012, 2013, 2014 and 2015 capitalization grants as of June 30, 2015.

Each of the above municipalities has established a dedicated source of revenue for repayment of the loans. The dedicated sources of revenue are either an obligation of system revenues and ad valorem property taxes levied or a secured lien on the system revenues which requires debt service coverage of 125% with a 10% reserve account or debt service coverage of 140%.

**KANSAS PUBLIC WATER SUPPLY LOAN FUND**  
**(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

**NOTES TO FINANCIAL STATEMENTS**

*Loans to Major Participants* – The Fund has made loans to the following major participants. The aggregate outstanding loan balances for each of these participants exceeds 5 percent of total loans receivable. The outstanding loan balances at June 30, 2015 and 2014 of these major participants are as follows:

Participant	Loan Number	2015		2014

The 2004 Revenue Bonds, in the original amount of \$176,010,000, consist of serial bonds totaling \$940,000 as of June 30, 2015. The serial bonds are due in annual principal payments. The final payment due on April 1, 2016 bears interest at rates ranging from 3.7% to 5.00%.

On March 23, 2015, the Fund redeemed \$1,165,000 of the Series 2004 bonds. Loan principal prepayments and interest provided cash funds to redeem the bonds.

**KANSAS PUBLIC WATER SUPPLY LOAN FUND  
(AN ENTERPRISE FUND OF THE STATE OF KANSAS)**

---

**NOTES TO FINANCIAL STATEMENTS**

The 2009 Revenue Bonds were issued in the original amount of \$73,040,000 and consist of serial bonds, Series DW-1 and DW-2 totaling \$4,670,000 and \$29,980,000, respectively, and a Series DW-2 term bond totaling \$1,420,000, as of June 30, 2015. The Series DW-1 serial bonds are due in annual principal payments ranging from \$140,000 to \$1,110,000 with the final payment due on April 1, 2021 and bear interest at rates ranging from 2.5% to 3.125%, payable semi-annually. The Series DW-2 serial bonds are due in annual principal payments ranging from \$3,800,000 to \$7,195,000 with the final payment due on April 1, 2026, and bear interest at rates ranging from 4.8% to 5.2%, payable semi-annually. The DW-2 term bond has principal payments ranging from \$345,000 to \$655,000, due April 1, 2029 and bears interest at 5.6% payable semi-annually. The Series 2009 Bonds, or portions thereof, maturing on April 1, 2018 and thereafter may be called for redemption and payment prior to maturity on or after April 1, 2017, in whole or in part at any time (selection of maturities and the amount of Series 2009 Bonds of each maturity to be redeemed to be determined by the Authority in such manner as it may determine), at the redemption price of 100% (expressed as a percentage of the principal amount), plus accrued interest thereon to the date of redemption.

On December 15, 2010, the Series 2010SRF Revenue Bonds were issued in the original amount of \$213,950,000 for the Public Water Supply (PWS) and Water Pollution Control (WPC) programs. The bonds consist of Series 2010SRF-1, which include both PWS and WPC, and Series 2010SRF-2 and 2010SRF-3, for WPC. The Public Water Supply portions of Series 2010SRF-1 were issued in the original amount of \$61,510,000, and consist of serial bonds totaling \$50,160,000, as of June 30, 2015. The Series 2010SRF-1 serial bonds are due in annual principal payments ranging from \$3,960,000 to \$10,700,000 with the final payment due on March 1, 2022, and bear interest at rates ranging from 3% to 5%, payable semi-annually. The Series 2010SRF-1 Bonds, or portions thereof, maturing on March 1, 2021 and thereafter may be called for redemption and payment prior to maturity on or after March 1, 2020, in whole or in part at any time (selection of maturities and the amount of Series 2010SRF-1 Bonds of each maturity to be redeemed to be determined by the Authority in such manner as it may determine), at the redemption price of 100% (expressed as a percentage of the principal amount), plus accrued interest thereon to the date of redemption.

On May 24, 2011, the 2011SRF Revenue Bonds were issued in the original amount of \$53,380,000 and consist of serial bonds totaling \$52,655,000, as of June 30, 2015. The serial bonds are due in annual principal payments ranging from \$1,380,000 to \$7,805,000 with the final payment due on March 1, 2031 and bear interest at rates ranging from 2.00% to 4.20%, payable semi-annually. The Series 2011 Bonds, or portions thereof, maturing on March 1, 2023 and thereafter may be called for redemption and payment prior to maturity on or after March 1, 2019, in whole or in part at any time (selection of maturities and the amount of Series 2011 Bonds of each maturity to be redeemed to be determined by the Authority in such manner as it may determine), at the redemption price of 100% (expressed as a percentage of the principal amount), plus accrued interest thereon to the date of redemption.

On December 17, 2013, the Series 2013SRF-2 Bond was issued in an original amount of \$5,100,000 for the Public Water Supply (PWS) and Water Pollution Control (WPC) programs. The Public Water Supply portion of the bond was issued in the original amount of \$1,300,000. The interest rate on the bond was variable, with the initial rate of 0.5 percent that reset January 1<sup>st</sup> and July 1<sup>st</sup> and matured on December 18, 2014. The proceeds provided \$1,300,000 of state match loan funds for the program.

On December 18, 2014, the Series 2014SRF-1 Bond was issued in an original amount of \$5,200,000 for the Public Water Supply (PWS) and Water Pollution Control (WPC) programs. The Public Water Supply portion of the bond was issued in the original amount of \$2,200,000. The interest rate on the bond is variable, with the initial rate of 0.5 percent that resets January 1<sup>st</sup> and July 1<sup>st</sup> and matures on December 21, 2015. The proceeds provided \$2,200,000 of state match loan funds for the program. The

	<u>\$ 142,025,000</u>	<u>\$ 50,356,361</u>	<u>\$ 192,381,361</u>

Certain of the above bonds may be redeemed prior to maturity in accordance with related bond indentures.

The debt service payment in fiscal year 2015 was \$8,455,000 for principal with cumulative principal payments totaling \$136,365,000 and \$6,471,937 for interest with a cumulative interest repayment totaling \$152,257,393.

The fund defeased certain State Revolving Fund revenue bonds by placing the cash and proceeds for refunding bonds in an irrevocable escrow account with the Treasurer and UMB Bank to provide for all future debt service payments on the old bonds. Accordingly, the escrow account assets and the liability for the defeased bonds are not included in the Fund's financial statements. Defeased debt outstanding at June 30, 2015 was \$43,095,000.

Defeased bonds outstanding consisted of the following at June 30:

	Issue Date	Call Date	2015	2014
Series 2004	September 29, 2004	April 1, 2015	-	13,065,000
Series 2004	September 29, 2004	April 1, 2016	13,580,000	13,580,000
Series 2009	September 29, 2009	April 1, 2015	-	545,000
Series 2009	September 29, 2009	April 1, 2016	560,000	560,000
Series 2009	September 29, 2009	April 1, 2017	28,955,000	28,955,000
Total defeased bonds outstanding:			<u>\$ 43,095,000</u>	<u>\$ 56,705,000</u>

---

**NOTES TO FINANCIAL STATEMENTS**

**6. ARBITRAGE REBATE**

In accordance with Internal Revenue Code Section 148(f) relating to arbitrage restrictions on tax-exempt bonds, there is currently no rebate liability for the Series 2004, 2009, 2010, 2011, 2013 and 2014 bonds as of June 30, 2015 and 2014.

As of June 30, 2015 and June 30, 2014, Public Water Supply has a restricted cash balance of \$60 and \$0, respectively, for future arbitrage liabilities.

**7. FEDERAL CAPITALIZATION GRANTS**

As of June 30, 2015, the federal capitalization grants for 1997 through 2012 and the 2009 ARRA grant have been drawn down.

The 2012 capitalization grant of \$10,981,000 was awarded on August 14, 2012 with four percent, \$439,240, allocated for administration and \$290,000 allocated for technical assistance and \$200,000 for state program management as evidenced by the budget page of the grant award. As program administration funds are earned, grant revenue is recognized. An amount of \$10,051,760 is reserved for direct loans.

On December 16, 2013, an amendment was processed to reallocate \$200,000 from administration to direct loans.

As of June 30, 2015, the entire 2012 capitalization had been drawn down. The entire 2012 capitalization grant has met the state matching requirements and is available based on the grant payment schedule.

The 2013 capitalization grant of \$10,302,000 was awarded on July 29, 2013 with four percent, \$412,080, allocated for administration and \$300,000 allocated for technical assistance, \$300,000 allocated for state program management and \$600,000 allocated for other authorized activities as evidenced by the budget page of the grant award. As program administration funds are earned, grant revenue is recognized. An amount of \$8,689,920 is reserved for direct loans.

As of June 30, 2015, \$73,889 of the 2013 capitalization grant had not been drawn down. The entire 2013 capitalization grant has met the state matching requirements and is available based on the grant payment schedule.

The 2014 capitalization grant of \$10,080,000 was awarded on July 7, 2014 with two percent, \$201,600 allocated for administration and \$201,600 allocated for technical assistance, \$302,400 allocated for state program management and \$201,600 allocated for other authorized activities as evidenced by the budget page of the grant award. As program administration funds are earned, grant revenue is recognized. An amount of \$9,172,800 is reserved for loans.

On July 17, 2014, an amendment was processed that revised programmatic condition 3, Intended Use Plan and Operating Agreement, and condition 10, Set-Aside Reporting. It also corrected the total project period cost.

As of June 30, 2015, \$819,911 of the 2014 capitalization grant had not been drawn down. The entire 2014 capitalization grant has met the state matching requirements and is available based on the grant payment schedule.

The 2015 capitalization grant of \$10,080,000 was awarded on April 14, 2015 with four percent, \$403,200 allocated for administration and \$201,600 allocated for technical assistance, \$302,400 allocated for state

2001 Grant Award	-	9,969,176	436,190	541,234	10,946,600
2002 Grant Award	-	9,001,632	-	233,068	9,234,700
2003 Grant Award	-	8,812,032	367,168	-	9,179,200
2004 Grant Award	-	9,141,216	380,884	-	9,522,100
2005 Grant Award	-	7,934,148	751,138	816,614	9,501,900
2006 Grant Award	-	7,310,128	329,172	590,000	8,229,300
2007 Grant Award	-	7,094,840	329,160	805,000	8,229,000
2008 Grant Award	-	7,595,160	325,840	225,000	8,146,000
2009 Grant Award	-	7,172,740	325,840	647,420	8,146,000
2009 Grant-ARRA	19,500,000	-	-	-	19,500,000
2010 Grant Award	14,758,700	-	664,200	1,182,100	16,605,000
2011 Grant Award	11,076,286	-	500,000	295,036	11,871,322
2012 Grant Award	10,251,760	-	239,240	490,000	10,981,000
2013 Grant Award	8,689,920	-	412,080	1,200,000	10,302,000
	64,276,666	115,468,720	6,880,672	9,262,064	195,888,122
Less cumulative amounts drawn down	(58,085,758)	(115,468,720)	(6,324,856)	(8,571,724)	(188,451,058)
	6,190,908	-	555,816	690,340	7,437,064
2014 Grant Award	9,172,800	-	201,600	705,600	10,080,000
2015 Grant Award	8,870,400	-	403,200	806,400	10,080,000
Less amounts drawn down during Fiscal Year 2015	(18,799,837)	-	(522,790)	(736,767)	(20,059,394)
	\$ 5,434,271	\$ -	\$ 637,826	\$ 1,465,573	\$ 7,537,670

As of June 30, 2015 and 2014, \$7,537,670 and \$7,437,065, respectively, of the capitalization grants had not been drawn down. As of June 30, 2015 and 2014, \$40,014 and \$292,120, respectively, of grant revenue had been recorded as accruals but had not been drawn down from the grant. At fiscal year end grant revenue and the corresponding grant expense are recorded.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Dr. Susan Mosier  
Secretary of the Kansas Department  
of Health and Environment  
Topeka, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the State of Kansas Public Water Supply Loan Fund (the Fund), an enterprise fund of the State of Kansas, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated September 18, 2015.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies may exist that have not been identified.

Secretary of the Kansas Department of Health and Environment  
State of Kansas Public Water Supply Loan Fund

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "CliftonLarsonAllen LLP".
