

Brownfields Program and Kickapoo Tribe Enter into an Intergovernmental Agreement

June 29, 2012

The Bureau of Environmental Remediation's Brownfields Program recently entered into an Intergovernmental Agreement (IA) with the Kickapoo Tribe. This agreement will allow KDHE, in an advisory capacity, to provide training and technical assistance for assessing and cleaning up Brownfields properties on Kickapoo tribal land. The IA became effective on June 19, 2012 with Secretary Moser's signature and will remain in effect for the duration of the Kickapoo Tribe's Brownfields Grant.
