

Actions, Progress, and Status of Projects

Meetings

None.

Field Activities

Pre-Design Data Acquisition efforts were conducted, consisting of:

- Groundwater samples were collected from 1 industrial well; 1 shallow monitoring well; and 4 shallow and deep monitoring well clusters.
- Groundwater samples were collected from 60 shallow and deep direct push sample locations; 4 shallow only direct push sample locations; and 8 deep only direct push sample locations.

Reviews and Submittals

None.

Planned Actions for the Next Quarter (January 1, 2015 – March 31, 2015)

Evaluate PDA data and address any identified data gaps, if necessary through installation of additional direct push sampling locations.

Submit NIC East of Chisholm Creek Investigation and Groundwater/Surface Water Interaction Study Work Plan to NIC TAC and KDHE.

Submit NIC PDA data report to NIC TAC and KDHE, depending upon NIC TAC comments.

City to Review NIC MNA Work Plan for GWU1 prepared by CDM Smith.

NOTE: NIC TIF formally extended by City Council on 12/9/14. USD 259 approved extension on 10/13/14. Sedgwick County approved extension on 11/19/14.)

Anticipated Compliance Problems

None.

Sampling Results; Tests; Data; and/or Conclusions Based Upon Current Data

To be provided under separate cover as a data report when data have been reviewed and evaluated.
