**Special
Health
Care
Needs**

Eligible Medical Conditions

The Kansas Special Health Care Needs (SHCN) program provides specialty medical services to infants, children and youth up to age 21 who have eligible medical conditions and persons of all ages with metabolic or genetic conditions screened through the Newborn Screening Program:

- one-time diagnostic evaluations
- treatment services
- case management

All services must be prior authorized and based upon financial eligibility. Additional information about services and financial guidelines can be found online at www.kdheks.gov/shcn

- **Cardiac:** Congenital Heart Defects, Congestive Heart Failure, Cardiac Arrhythmia and Other Select Cardiac Conditions.
- **Craniofacial:** Cleft Lip and/or Palate, Hydrocephalus and Other Craniofacial Anomalies
- **Hearing Loss or Chronic Ear Infections**
- **Genetic/Metabolic Conditions:** Phenylketonuria (PKU), Congenital Hypothyroidism, Galactosemia, Cystic Fibrosis, Sickle Cell Disease, Hemophilia, Other Identified By Newborn Screening*
- **Gastrointestinal Problems** (Requiring Surgery)

- **Genitourinary Problems** (Requiring Surgery)
