Notice of Intent (NOI) Instructions
For Stormwater Runoff from Industrial Activities

Who Must File An NOI

Federal law through Clean Water Act and 40 CFR Part 122 prohibits point source discharges of stormwater runoff associated with industrial activity to Waters of the U.S. without a National Pollutant Discharge Elimination System (NPDES) permit. The operator of a facility with industrial activity that has such a stormwater runoff discharge subject to these regulations as outlined under Part 1.1 of this permit must submit an NOI to obtain coverage under the NPDES general permit for stormwater runoff associated with industrial activities.

A hard copy of the NOI and other materials may be obtained by sending a written request to KDHE. The NOI and other materials are also available on-line at: www.kdheks.gov/stormwater.

Where To File An NOI Form

Kansas Department of Health and Environment
Bureau of Water, Industrial Programs Section
1000 SW Jackson, Suite 420
Topeka, KS 66612-1367

For additional information, contact KDHE at (785) 296-5545 or by e-mail at: stormwater@kdheks.gov.

Section I Facility Owner or Operator Information

Give the legal name of the person, firm, public organization, or any other entity that operates the facility or site described in this NOI form. The name of the operator may or may not be the same as the name of the facility. The responsible party is the legal entity that controls the facility's operation, rather than the plant or site manager. Do not use a colloquial name. Enter the owner or operator's complete address and telephone number. Provide billing contact information if different than owner/operator.

Section II Facility Information

A. LOCATION

Enter the facility's official or legal name and complete street address, including the city, county, state and ZIP code. If the facility lacks a street address, indicate the county, quarter, section, township, and range of the center of the site or the Latitude and Longitude.

Enter the name and phone number of a person who can be contacted regarding this industrial facility. The owner or operator contact and the on-site contact need not be the same.

B. EXISTING CONDITIONS/USES

Indicate whether the facility is located on Indian lands. EPA is the permitting authority on Indian lands. To request authorization to discharge stormwater runoff from industrial activities conducted on Indian lands, the person requesting authorization must contact EPA at:

Storm Water Coordinator
U.S. EPA, Region VII
901 North 5th Street
Kansas City, KS 66101

If the stormwater runoff from industrial activities flows into a municipal separate storm sewer system (MS4), enter the name of the MS4 (e.g., municipality name, county name, or the name of the responsible public body).

If the facility discharges stormwater directly to a receiving water, enter the name of the first receiving water. This may be obtained from the Kansas Surface Water Register, a United States Geological Survey (U.S.G.S.) topographic map or KDOT general highway map for the county where the facility or discharge point is located. Indicate the river basin in which the facility is located. A map of Kansas River basins is attached for reference.

Beginning with the primary SIC code, list the 4-digit standard industrial classification (SIC) code(s) that best describe the principal products or services provided at the facility or site identified in Section II of this NOI form.

If there are other NPDES or KWPC permits presently issued for the facility or site listed in Section II, list the permit numbers.

C. FACILITY DESCRIPTION

Briefly describe the nature of the industrial activity.

Section III Annual Fee

Enclose a check for the first year of the annual permit fee specified in K.A.R. 28-16-56 et seq. as amended. Make the check payable to "KDHE - Water Pollution Control Permit". Per K.A.R. 28-16-56, as amended, the current annual permit fee for this general permit is \$60. The payment must be submitted with the NOI. Annually following authorization of the NOI you will receive an invoice for the annual permit fee.

Section IV NOI Certifications

Persons submitting a request for authorization under this general permit should read and ensure they understand the statement in this section of the NOI before signing the NOI form. The NOI form must be signed by the facility owner or operator or duly authorized representative.
