

Public Notice No. KS-EG-09-005

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for the use of the well(s) described below within the state of Kansas:

Name and Address

of Applicant

ONEOK, Inc.
P.O. Box 871
Tulsa, OK 74102-0871

Facility Name: Bushton Processing Plant

Facility Location: Bushton, Kansas

Well and Permit Number Location

#7	2964 feet from south line and 2630 feet
KS-01-053-006	from east line of SE Corner, Section 31-17-9W, Ellsworth County, Kansas (SW SW NE)

Facility Description: The proposed action is to reissue an existing Class I deep disposal well permit. This facility is a hydrocarbon processing plant and hydrocarbon storage well facility. The fluids to be injected are described as nonhazardous liquid waste consisting of near saturated mineralized waste brines, hydrocarbon processing waste, and nonhazardous waste from the nearby Linde Plant. Injection is made into the Arbuckle formation through open-hole from a depth of 3335 feet to 3800 feet. Disposal will be by means of gravity flow only. The maximum injection rate will be 2,000,000 gallons per day. All construction, monitoring and operation of these wells will meet the requirements that apply to Class I non-hazardous injection wells under the Kansas Underground Injection Control Regulations, K.A.R. 28-43-1 through 28-43-11, and Kansas Underground Injection Control Regulations, K.A.R. 28-46-1 through 28-46-44.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Roderick L. Bremby
Secretary of Health
and Environment

Doc. No. 037695

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before December 5 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-09-279/282, KS-Q-09-182/187, KS-EG-09-005) and the name of the applicant/permittee when preparing comments.
