

# 2018 SOLID WASTE GRANT INFORMATION

- ❖ This round of grants is primarily to enhance existing recycling and composting waste reduction programs, but funding may be requested to assist in the start-up of new programs.
- ❖ To be eligible for the grant, the county/regional Solid Waste Management Plan **MUST** be current.
- ❖ The Solid Waste Planning Committee must indicate their awareness and approval of the project.
- ❖ The Grant cannot be used for large-scale infrastructure such as buildings, sidewalks, or parking lots, nor can they be used for routine operating expenses.
- ❖ Grant requests under \$7,500 can use a simplified application.
- ❖ The grant requires a \$1 match for every \$3 in grant funds requested.
- ❖ Grant applications and detailed guidelines will be available at the KDHE Waste Management website October 1, 2017 and must be postmarked by December 15, 2017.
- ❖ The Grant period will be April 1, 2018—March 31, 2019.
- ❖ Grants awards will be announced in March 2018.
- ❖ The Grant requires a public education component.
