**Department of Health and Environment
Public Notice of Proposed Permit Renewal Action**

The Kansas Department of Health and Environment (KDHE) and the U.S. Environmental Protection Agency (EPA) Region 7 have received a Resource Conservation and Recovery Act (RCRA) hazardous waste Part A and Part B permit renewal applications from Clean Harbors Kansas, LLC located at 2549 North New York Street, Wichita, Kansas. KDHE and EPA are providing notice of their intent to renew a jointly issued RCRA hazardous waste storage permit to Clean Harbors Kansas, LLC, the operator and owner of the facility. The facility is assigned the EPA identification number KSD007246846.

In October 1985, the State of Kansas received final authorization from EPA to implement its own hazardous waste management program in lieu of the federal program except for the portions covered by the Hazardous and Solid Waste Amendments (HSWA) of 1984. The KDHE portion of the permit (Part I) will be issued under the authority of Kansas Statutes Annotated (KSA) 65-3430, *et seq.*, and the Kansas Administrative Regulation (KAR) 28-31-4 through 28-31-279a, and the EPA portion of the permit (Part II) will be issued under the authority of Sections 3001(g), 3001(h), 3002 (b), 3004(d), 3004 (u) and (v), 3005, and 6001 of RCRA.

The facility will be permitted for storage of hazardous waste in approved containers, and storage and treatment in tanks in accordance with 40 CFR 264.170 through 264.179 in the hazardous waste storage area, Building 'C', Building 'I', front portion (next to the truck bay) of the Process Area (P100), Drum Dock in front of Building 'C'. The container storage area will be permitted to handle a maximum capacity of 174,570 gallons. The tank storage area (located in P100 area) will be permitted to handle a maximum capacity of 85,689 gallons. Emergency equipment is available at the facility and appropriate warning signs are posted on the perimeter

fences. The EPA portion (Part II) of the joint permit will address the corrective action requirements of HSWA and the air emission requirements in 40 CFR 264 subpart CC.

A copy of the administrative record which includes the draft permit, the fact sheet, the permit application, and all information pertaining to this permit action is available for public review from July 23, 2012 through September 5, 2012, Monday through Friday, during normal business hours at the following locations:

Anyone wishing to comment on the draft permit should submit written comments postmarked no later than September 5, 2012 to Mostafa Kamal (KDHE) or Ms. Chris Jump (EPA) at the above addresses.

A public hearing has not been scheduled; however, if written requests are received which indicate a significant degree of public interest in the draft permit, a public hearing will be scheduled. After consideration of all comments received, the Secretary of KDHE and the EPA Region 7 Director of the Air and Waste Management Division (AWMD) will make a final permit decision. Notice will be given to the applicant, all persons who submitted written comments, those who commented at the public hearing, and those who requested notice of the final permit decision. If comments received during the public comment period result in revision(s), the permit will become effective thirty (30) days after service of notice of the final decision to allow for public review of the revisions. Appeals of the final permit decision for the Part I permit must be filed within 15 days after service of notice in accordance with K.S.A. 65-3440 and K.S.A. 77-601 et. seq. and appeals to the Part II permit must be filed within 30 days after service of notice in accordance with 40 CFR 124.19.

Robert Moser, M.D. Secretary, Kansas Department of Health and Environment
