RE: Koch Nitrogen Company – Dodge City, Kansas
EPA ID NO. KSD044625010
Phase II RFI Work Plan and SWMU 14 Investigation

RCAP-RECEIVED
DEC 14 2007

Dear Ms. Stone:

Koch Nitrogen Company (KNC) appreciates your input in your letter of November 8, 2007 on the Interim Status Report (ISR), and in your telephone conversation on the ISR and the recommendations for the investigation at the Andco Basin (SWMU 14) with AnnieLaurie Burke today. As you suggested during that call, we will incorporate our proposed approach for the investigation of SWMU 14 into the Phase II RFI Work Plan.

Also as you suggested, in order to make the Plan and responses as complete as possible, KNC requests an extension of the submittal date for ten days, to December 21, 2007.

If you have any questions about the SAP, please contact AnnieLaurie Burke at (620) 227-8631, ext. 350.

In accordance with Section B.22 of the Part II Permit, I certify under penalty of law that this document and all attachments were prepared under my direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Sincerely,

KOCH NITROGEN COMPANY

Gary J. LeRock
Plant Manager
