AnnieLaurie,

The duplicate deficiency in Section 7.0 of the report resulted when I failed to delete copied text while reorganizing the list of deficiencies. Please disregard the duplicate deficiency.

Also, I attached a digital version of the 2009 Operation and Maintenance Report in response to your inquiry.

Please let me know if you have other questions.

Hi, Everett,

We are getting ready to mail several reports out, including the response and schedule you requested in your letter of September 3.

I wanted to get clarification on two items:

- Is it possible to get an electronic copy of the report? A pdf file would be very helpful so we can share the info with others who are helping to address some of the work.
- Comments 3 and 6 appear to be identical. Was another comment intended to be inserted as #6?

Thanks!
