Stacey,

I received a phone call in response to a message I left with Gibson's Discount Center regarding the address to use for their building west of KNC. The person I spoke with said that the correct address for that building is P.O. Box 520 without listing a street name. Therefore will you change the address for Gibson's Discount Center from 1313 Minneola Road, Dodge City, KS, 67801 to P.O. Box 520, Dodge City, KS, 67801. Thank you again.

Stacey,

Please make the following changes to the Koch Nitrogen Company (KNC) facility mailing list. The KNC mailing list is identified as HWP-KochNitrogen-KSD044625010 in the mailing list database. These changes are based on an email I received from the facility contact and a hand written note submitted to KDHE by an individual responding to a July 20, 2010 public notification sent by the facility. I have verified these name and addresses with the Ford County Appraiser's Office and copies of returned mail received by the facility. The changes to be made are:

Change Trevon Burns to Brice Harper and the address from 11304 to 11604 Iron Rd, Wright, KS, 67882

Change Kenny Adams to Steve Warren at 10774 114th Rd, Wright, KS 67882

Change Jack Williams to Monica Seaton at 11451 Hwy 50 Bypass, Wright, KS 67882

Change the address for Hi Plains Feed, LLC from PO Box 1393, Dodge City, KS, 67801 to 10955 116 Road, Wright, KS, 67882-9509 and add the phone number as 1-800-634-7499

Add Farell Bleumer at 14909 6 Road, Ingals, KS 67853 as a new address (note that the street name is "6")

Remove Bert Rueb, PO Box 33, 10958 117th Rd, Wright, KS, 67882

Remove Larry, Lightfoot, P.O. Box 133, Butler, MO, 64730-0133

Also, will you search for a new address for Gibson's Discount Center? The address on the mailing list is P.O. Box 520, Dodge City, KS 67801. Apparently the company has file for bankruptcy and is no longer in business. If you can't find the address for the company, see if you can find an address for the property owner. Talk to me if you have any questions.

Thank you for your help.
