KOCH NITROGEN COMPANY LLC

March 10, 2011

To addressee on Facility Mailing list:

You are receiving this letter because you are on the facility mailing list for the Koch Nitrogen Company, LLC (KNC) Dodge City facility RCRA permit.

On March 1, 2011, Koch Nitrogen Company, LLC (KNC), as the owner and operator of the Dodge City Nitrogen Plant located near Dodge City, Kansas, submitted a request for a temporary authorization from the Kansas Department of Health and Environment (KDHE) under Part I, Section IV.C.3 and IV.C.4 of its RCRA Post Closure and Corrective Action Permit to conduct a temporary shutdown of the wells within the groundwater recovery well network that it operates for a period of approximately 14 calendar days. This shutdown will allow KNC to collect information that will be used to determine the appropriate locations for shallow screens of well pair clusters that are scheduled for installation over the next one to two years.

KDHE has approved KNC's request by letter of March 9, 2011 and the temporary shutdown is scheduled to begin on March 14, 2011.

If you have questions or need further information, please call Elise Stucky-Gregg at 620-227-8631 ext. 350.

Sincerely,

Cory Zellers
Environmental Specialist

cc: Tom Siegrist, KF, Wichita (electronic)

NOTE: In accordance with 40 CFR 124.10 and 40 CFR 270.42, this notice has been sent to all persons on the facility mailing list, which is maintained by The Kansas Department of Health and Environment (KDHE) Bureau of Waste Management. Any recipient of this notice that wishes to be removed from the facility mailing list or would like to have future notices sent to a different location should notify KDHE, in writing, at the address below. KDHE attempts to maintain current addresses; however, if this notice is returned to KDHE as undeliverable, the intended recipient and address will be removed from the mailing list after a reasonable attempt to find a correct address for the intended recipient.
