

PUBLIC NOTICE FOR RADIO BROADCAST

The Kansas Department of Health and Environment (KDHE) intends to renew a Hazardous Waste Facility Permit to Koch Nitrogen Company, LLC located five miles east of Dodge City. The permit will require the facility to conduct Closure and Post-Closure Care of the Chromium Destruct Unit. The permit also includes provisions for corrective action.

Permit documents are available for public review from September 2 through October 17 during normal business hours at the KDHE office in Topeka, and the Dodge City Public Library.

If written requests are received indicating significant public interest in the draft permit, a public hearing will be scheduled. More information on this permit renewal action may be obtained from Mostafa Kamal of KDHE at (785) 296-1609. Written comments related to this permit renewal action must be received by KDHE postmarked no later than October 17, 2014.
