

PUBLIC NOTICE OF PROPOSED PERMIT RENEWAL ACTION

The Kansas Department of Health and Environment (KDHE) is announcing its intent to renew a Resource Conservation and Recovery Act (RCRA) hazardous waste permit to Koch Nitrogen Company, LLC (owner/operator) located at 11559 U.S. Highway 50, Dodge City, Kansas. The permit will require the facility to conduct Closure and Post-Closure Care of the Chromium Destruct Unit. The permit also includes provisions for corrective action.

The Draft Permit, Part A and Part B Permit Applications, Administrative Record, and Fact Sheet are available for public review from September 2, 2014 through October 17, 2014 during normal business hours at the KDHE office at 1000 SW Jackson, Suite 320, Topeka, Kansas, and the Dodge City Public Library at 1001 North 2nd Avenue, Dodge City, Kansas.

A public hearing has not been scheduled; however, if written requests are received indicating significant degree of public interest in the draft permit, a public hearing will be scheduled. More information on this permit renewal action may be obtained from Mr. Mostafa Kamal of KDHE at (785) 296-1609. Written comments related to this permit renewal action must be received by KDHE postmarked no later than October 17, 2014.
