

**Free Hazardous Waste Generator Workshop**  
 Presented by the Kansas Department of Health and Environment (KDHE)  
 Bureau of Waste Management

**COME AND LEARN ABOUT THE  
 KANSAS HAZARDOUS WASTE REGULATIONS**

- The basic workshop (offered in the mornings) is designed as an introductory course in Kansas HW regulations (RCRA), including:
  - Waste Determinations
  - Container Management
  - Generator Classifications
  - Emergency Preparedness and Training Requirements
- The advanced workshop (offered in the afternoons) will provide a more detailed look at the following (plus additional advanced topics):
  - Used Oil
  - Recycling of Hazardous Waste
  - Treatment Issues
  - Inherently waste-like
  - Universal Waste
  - Solvent Recycling
  - Enforcement Process and Settlement Options
- Feel free to attend one or both sessions.
- Registration is required to ensure there are enough seats and to be able to contact participants in case of cancellations due to weather or change in venue due to size constraints.
- Certificates will NOT be provided. If confirmation of attendance is needed, a KDHE representative can sign forms provided to them at the time of the workshop. No confirmations will be provided after the date of the workshop.
- Registration must be done online at: <http://www.kdheks.gov/waste>

If you have questions, contact Rebecca Wenner at 785-296-1604 or [rwenner@kdheks.gov](mailto:rwenner@kdheks.gov).

This is a great opportunity to **ask** the regulators questions **about your waste streams**.
