Legislative Issues

In 2014, KDHE Bureau of Waste Management will issue a requested report to the Legislature, State Recycling Survey results will be released, and programs are being reviewed.

WORKS! will host a Legislative Panel Wednesday morning and Legislators will be in general attendance. Help us inform them about issues facing our industry.

Subject to changes

KEYNOTE

David Kaminski
QED Environmental Systems

Mr. Kaminski is Senior Vice President of QED Environmental Systems. He is an instructor for Princeton Groundwater, Committee Chair for SWANA, and an international speaker and consultant. He will discuss waste reduction/diversion efforts to keep waste streams from going into landfills, and examine the true impact of such measures. He will draw parallels between efforts worldwide and nationwide, and how they can be applied in Kansas.
