Public Notice Concerning Kansas / Federal  
Water Pollution Control Permits and Applications

State of Kansas  
Department of Health and Environment  
Division of Environment-Bureau of Water  
1000 SW Jackson St., Suite 420  
Topeka, Kansas 66612-1367  
Telephone: (785) 296-6432 - Ag Permits  
(785) 296-5517 - All Others

Public Notice No. KS-AG-19-102/121  
Public Notice No. KS-AG-R-19-007  
Public Notice No. KS-Q-19-083/091  
Public Notice No. KS-NQ-19-007

Beginning Date: April 11, 2019  
Comments Due: May 11, 2019

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

**Public Notice No. KS-AG-19-102/121**  
**Pending Permits for Confined Feeding Facilities**

<u>Name and Address of Applicant</u>	<u>Legal Description</u>	<u>Receiving Water</u>
Brad and Dale Berk Berk, Inc. PO Box 363 Concordia, KS 66901	NE/4 of Section 29 T06S, R02W Cloud County	Lower Republican River Basin

Kansas Permit No.: A-LRCD-H002                      Federal Permit No.: KS0093696

An update to the Nutrient Management Plan (NMP) was received for this existing facility currently permitted for 7,200 head (2,880 animal units) of swine weighing more than 55 pounds. The facility's NMP was updated to include a change in the application rate limitation for two fields from 1.5 x crop P removal application rate limitation to an Agronomic N application rate limitation. There are no changes to the permit or in the permitted number of animal units. Only the updated portions of the Nutrient Management Plan are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>RECEIVING STREAM</u>	<u>TYPE OF DISCHARGE</u>
Hillsdale Improvement District PO Box 147 Hillsdale, KS 66036	Ten Mile Creek	Treated Domestic Wastewater

Kansas Permit No. M-MC60-OO01

Federal Permit No. KS0081396

Legal Description: NE¼, SE¼, S15, T16S, R23E, Miami County, Kansas

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a three-cell wastewater stabilization lagoon system. This facility has been issued a variance from the 2013 ammonia criteria which requires the inclusion of a Pollutant Minimization Plan and an alternate ammonia criteria limit that establish the highest attainable condition for the facility, to meet the terms of the "Multiple-Discharger Lagoon Ammonia Variance" in the NPDES permit. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, pH, ammonia and E. coli.

Wastewater

Kansas Permit No. M-MO25-0006

Federal Permit No. KS0101516

Legal Description: NE¼, SE¼, SW¼, S12, T10S, R23E, Wyandotte County, Kansas

Facility Name: Wolcott Wastewater Treatment Facility

Facility Location: North 95<sup>th</sup> Street & Main Street

The proposed action is to issue a new State/NPDES permit for a new facility that will replace an existing facility. An antidegradation review was completed and evaluated in accordance to K.A.R. 28-16-28c(a). The new facility will be a mechanical treatment plant consisting of perforated fine screen, grit removal, sequencing batch reactors (SBR) granular activated sludge (grAS) treatment process, tertiary filtration, UV disinfection, sludge buffer tank, sludge thickener, and sludge pump station. The proposed permit contains a schedule of compliance stating that the facility will have six months of interim monitoring for ammonia. Final ammonia limits will be effective six months after the facility starts discharging effluent at Outfall 001A1. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, pH, dissolved oxygen, ammonia, whole effluent toxicity, and E. coli, as well as monitoring for total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, total nitrogen, priority pollutants, and flow.

Proposed Action: The Kansas Department of Health and Environment (KDHE) issued Authorizations for stormwater discharges under of the Construction Stormwater General Permit for the above named projects. K.S.A. 65-166a requires the Secretary of KDHE to assess appropriate annual fees for Authorizations/Permits issued by the Department and provides that failure to pay the annual fee shall be cause for revocation/termination of the Authorization/Permit. The authorized entities named above have failed to comply with the requirement to pay the annual fee. Further, according to K.A.R. 28-16-62(f)-(g), the director has discretion to initiate termination of a permit. Therefore, pursuant to K.S.A. 65-166a, K.A.R. 28-16-60 and K.A.R. 28-16-62, KDHE is hereby providing notice of intent to terminate the Authorizations associated with the projects named herein. The entity may re-instate the Authorization by paying the appropriate annual fees. If you have any questions regarding the termination of your permit, please contact the Stormwater Coordinator.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision-making process. Comments or objections should be submitted to the attention of Livestock Waste Management Section for agricultural related draft documents or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before **May 11, 2019**, will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-19-102/121, KS-AG-R-19-007, KS-Q-19-083/091, KS-NQ-19-007) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/ application. If response to any draft document / application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents / application and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at

<http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
