| (6) Oil Field Water Supply    |     |     | (12) Other               |     |     |

**FOR FIRMS, PARTNERSHIPS AND CORPORATIONS:**

Give the name of each driller and a record of his experience (on a separate sheet of paper if necessary).

Driller's Name	Years Experience	Driller's Name	Years Experience

Kansas laws and regulations require Kansas licensed water well contractors and landowners who construct, reconstruct or plug their own water wells to file a water well record with the Department within 30 days after the construction, reconstruction or plugging of a water well (KSA 82a-1212 and KAR 28-30-4(a)).

Filing of "late" well records will subject you to civil penalties and/or other compliance actions. Occasionally, special situations may arise which prevent you from filing a record on time. In these instances, please contact the Department prior to the 30-day deadline so special arrangements can be made to allow you to file the record later.

**X**

**(Applicant's Signature)**

**FEES**

A yearly \$100.00 contractor's license fee and a \$25.00 drill rig fee (a \$25.00 fee is required for each drill rig operated by or for you) is due, payable by check, bank draft or money order to the Kansas Department of Health and Environment.
