Notification Process

Presented by

Patricia Haines-Lieber
Bureau Environmental Field Services
Kansas Department of Health and Environment

May 15, 2012
Notification Process

- KDHE has developed a web site specifically to:
  - Provide general information to the public on HAB’s,
  - Make available to the public and lake owners a location where they can notify the responding state agency of their concerns.

- [http://www.kdheks.gov/algae-illness/index.htm](http://www.kdheks.gov/algae-illness/index.htm)
Notification Process

- HAB Homepage
  - KDHE policy
  - Current Advisories/Warnings
  - Current HABs
  - 2010 HABs
  - Signage
  - Algal Bloom Reporting Form
  - Algae Illness Reporting Form
  - Blue Green Algae Examples
  - Non Blue Green Algae Examples
Notification Process

- KDHE Policy
  - Describes:
    - What guidelines KDHE will use in determining advisory levels;
    - Who will conduct sampling;
    - What and advisory is based on, and
    - What the distinctions between the advisories are.

Our Vision – Healthy Kansans Living in Safe and Sustainable Environments
Notification Process

- Signage
  - Shows the various signs available to post at water bodies based on the advisory level.
  - Shows suggested locations where signs could be posted.
Public Complaint

- **All** complaints must go through the complaint form. Either:
  - The HAB visual complaint Form, or
  - The Algae Illness Form
