Protect and improve the health and environment of all Kansans
Air Permit

- Two major permitting programs
  - Construction Permit Program
    - Issue construction permit/approval/PSD
    - Required prior to any on-site construction of a permanent nature
  - Operating Permit Program
    - Issue Class I and Class II operating permits
    - New or Revisions to operating permits – must apply within 12 months of becoming operational or subject to the program
    - Renewals (Class I Operating Permits) – must apply not less than 6 months and not more than 18 months before the expiration date of the permit
Pending Permit Applications - August Snapshot

  - Construction and Operating Permit Application Forms updated based on the above changes.

- **Public Notices** – now available online @ [http://www.kdheks.gov/bar/publicnotice.html](http://www.kdheks.gov/bar/publicnotice.html)
Changes in Kansas Air Permitting

- Kansas Environmental Information Management System (KEIMS)
  - New electronic system to create and manage Air Permit Application and Compliance Reports Online
  - [http://www.kdheks.gov/bar/keims-BOA.html](http://www.kdheks.gov/bar/keims-BOA.html)

- Expedited Permits
  - Current Expedited Construction Permits:
    - Rock Crusher (Class II General Site) including quarries
    - Portable Rock Crusher (Standalone)
    - Emergency Generators
    - Minor Source Oil and Natural Gas Production Facilities and Compressor Stations
    - Animal Incinerators
    - Concrete Batch
  - Current Expedited General Class II Operating Permit
    - Crushed and Broken Stone
