**COVID-19 PCR Testing Available**

The HealthQuest Health Center now has a **limited** number of PCR tests available for State of Kansas employees. Curbside testing will be available at the center by **appointment only**.

If you’re experiencing any of the following COVID-19 symptoms:

- Coughing
- Shortness of breath or difficulty breathing
- Fever of or exceeding 100.4°F (38°C) within the past 24 hours
- Chills or repeated shaking with chills
- Muscle Pain
- Sore throat
- New loss of taste or smell

And/or you’ve been exposed to someone with documented or suspected COVID-19 within the last 14 days, you may need to be tested for COVID-19.

**Please call the clinic at 785-783-4080 for more information on setting up an appointment for testing.**

**What is PCR testing?**

PCR—which stands for Polymerase Chain Reaction—testing examines whether a specific virus is currently present in someone. In the case of COVID-19, a PCR test is taken by swabbing the mucus in the far back of the nose/throat; which is also called the nasopharyngeal mucosa.
