

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be held at 9:00 a.m. November 25, 2019, in the conference room of Kansas Development Finance Authority (the "Authority"), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposed issuance by the Authority in one or more series of revenue bonds (the "Bonds") in a principal amount not to exceed \$22,000,000. The Bonds will be issued pursuant to K.S.A. 74-8901 *et seq.* (the "Act") to finance the acquisition and rehabilitation of a 130-unit qualified residential rental project under Section 142 of the Internal Revenue Code currently known as Crossline Towers (to be renamed Town House Apartments), located at or about 1021 N. 7th St., Kansas City, Kansas (the "Project"), to be owned and operated by Town House Renaissance, LP, a Kansas limited partnership (the "Borrower").

The Bonds will be limited obligations of the Authority, payable solely from revenues pledged by the Borrower, and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, nor will the Bonds constitute an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged, but the Bonds will be payable solely and only from revenues pledged by the Borrower in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the Bonds.

At the time and place fixed for the hearing, all individuals who appear will be given an opportunity to express their views for or against the proposal to issue any specific Bonds, and all written comments previously sent to the Authority at its above-referenced offices will be considered. Additional information regarding the Project may be obtained by contacting the Authority at the address of its offices shown above.

Rebecca E. Floyd
President

Doc. No. 047626

State of Kansas

Department of Health and Environment

Notice of Hearing on Proposed
Administrative Regulations

The Kansas Department of Health and Environment (KDHE), Division of Environment, Bureau of Water, Public Water Supply Section, will conduct a public hearing at 10:00 a.m. Thursday, January 16, 2020, in the Azure Conference Room, fourth floor, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed amended regulations K.A.R. 28-15-52 and 28-15-53 regarding the public water supply loan fund.

A summary of the proposed regulations and the estimated economic impact follows:

Summary of Regulations

K.A.R. 28-15-52. Interest rate. Revises language to allow the loan interest rate calculation to vary according to the length of the loan repayment period.

K.A.R. 28-15-53. Repayment of loans. Deletes the requirement that loan repayments must begin within two years of the first loan disbursement. Revises language to allow municipalities to choose loan repayment terms for up to 40 years under certain conditions.

Economic Impact

Cost to the agency: The proposed regulations will not result in increased costs to the agency.

Cost to the public and regulated community: These proposed regulations provide flexibility to municipalities and other public water supply systems. This is a voluntary loan program and municipalities and other public water supply systems are not obligated to finance water infrastructure projects through the Kansas Public Water Supply Loan Fund. The annual cost of debt service for municipalities obtaining a 30-year loan or 40-year loan would be less when compared to a 20-year loan, which is the current maximum loan repayment term. However, the overall debt service cost measured for the life of the loan would be greater for a 30-year loan or 40-year loan compared to a 20-year loan. Under these changes to the regulations, municipalities and public water supply systems that use this loan program can choose which loan repayment term length they would like to utilize based on their economic needs.

Cost to other governmental agencies or units: The proposed regulations only affect municipalities and other public water supply systems as described in the previous paragraph. To the extent that a governmental agency or unit operates a public water supply system, it should reference that information.

A detailed economic impact is provided in the economic impact statement that is available from the agency contact person or at the KDHE Public Water Supply Section Regulations website, as listed below.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to William J. Carr, Kansas Department of Health and Environment, Bureau of Water, Public Water Supply Section, 1000 SW Jackson, Suite 420 Topeka, KS 66612, by email to William.J.Carr@ks.gov, or by fax to 785-559-4258. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. It is requested that each individual giving oral comments also provide a written copy for the record. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding economic impact statement and environmental benefit statement may be obtained from the KDHE Public Water Supply Section Regulations website at <http://www.kdheks.gov/pws/drinkingregulations.html> or by contacting William J. Carr at the address above, 785-296-0735 or fax 785-559-4258. Questions pertaining to the proposed regulations should be directed to William J. Carr at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations, economic impact statement, and environmental benefit statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five

working days in advance of the hearing by contacting William J. Carr.

Lee A. Norman, M.D.
Secretary
