

See Attached Sheet for Instructions

NOTICE OF INTENT (NOI)
 For Authorization to Discharge Stormwater Runoff from Construction Activities
 In accordance with the Kansas Water Pollution Control General Permit
 Under the National Pollutant Discharge Elimination System

Submission of this Notice of Intent constitutes notice that the party identified in Section I of this form requests authorization for coverage under the Kansas Water Pollution Control general permit, or KDHE issued successor permits, issued for stormwater runoff from construction activities in the State of Kansas. Becoming a permittee obligates the discharger to comply with the terms and conditions of the general permit. **Completion of this NOI does not provide automatic coverage under the general permit. Coverage is provided and discharge permitted when the Kansas Department of Health and Environment (KDHE) authorizes the discharge of stormwater runoff from the construction activities identified on the NOI and supporting documentation. A signed and dated copy of the first page of the NOI indicating the authorization will be provided to the owner or operator, or all three pages for Conditional Authorizations.** Upon authorization of the construction activity discharge, a Kansas permit number and a Federal permit number will be assigned to the construction project. A complete request for Authorization for coverage under the general permit must be submitted or the request will not be processed (see listing on Page 3 of this NOI). KDHE will notify owners or operators whose Notice of Intent (NOI) and supporting documentation for Authorization of stormwater runoff associated with construction activities are incomplete, deficient, or denied. **Please Print or Type.**

I. OWNER OR OPERATOR ADDRESS & RECORD LOCATION INFORMATION

Owner or Operator's Name: _____	Contact Name: _____
Company Name: _____	Company Name: _____
Owner or Operator's Phone: _____	Contact Phone: _____
Mailing Address: _____	Mailing Address: _____
City: _____ State: _____ Zip Code: _____	E-mail Address: _____
Billing Contact Name: _____	Address where records will be kept (if not on site):
Billing Address (if different): _____	Records Address: _____
City: _____ State: _____ Zip Code: _____	City: _____ State: _____ Zip Code: _____

II. SITE INFORMATION

A. LOCATION

Project Name: _____
 Street Address: _____
 City: _____ State: _____ Zip Code: _____

B. LEGAL SITE DESCRIPTION

_____ QTR, _____ QTR, _____ QTR, _____ Section
 _____ South _____ E; W;
 Township Range
 County: _____

For Official Use Only:

Received	Paid	Authorized <input type="checkbox"/> Y; <input type="checkbox"/> N
	Date:	Is Authorization Conditional? <input type="checkbox"/> Y; <input type="checkbox"/> N (if yes see page 3 of NOI for conditions)
	Initials:	
	Check No:	
Secretary, Kansas Department of Health and Environment		Reviewer _____ Date _____
KS Permit No. _____		Federal Permit No. _____

To receive a hard copy of the general permit packet, check yes: Y; N

Send completed 3 page NOI form with original signature to:

KDHE Contact Information:

 E-mail: stormwater@kdhe.state.ks.us

C. EXISTING CONDITIONS/USES

Is any part of the project located on Indian Country land? Y; N

If yes, contact EPA regarding discharging stormwater runoff from industrial activities on Indian Country land.

If stormwater runoff drains to or through a Municipal Separate Storm Sewer System (MS4); MS4 Name: _____

Name of the first receiving water; stream; or lake: _____ River Basin: _____

Are contaminated soils present on the site or is there groundwater contamination located within the site boundary? Y; N

If yes, on separate paper please explain in detail the locations, contaminants and concentrations.

Are there any contaminated soils that will be disturbed or any contaminated groundwater that will be pumped by the proposed construction activity? If yes, on separate paper please explain the special erosion and sediment control measures to be utilized. Y; N

Are there any surface water intakes for public drinking water supplies located within 1/2 mile of the site discharge points? Y; N

Has the Kansas State Historical Society been contacted to determine if there are any known historical or archeological sites present within the site boundary or any historical structures located within 1000 feet of the project site? Y; N

Please include documentation of project site coordination with KSHS.

Has the Kansas Department of Wildlife and Parks been contacted to determine if any threatened or endangered species habitat is located within the site boundary or in the receiving water body? Please include documentation of coordination with KDWP. Y; N

Will the project impact the line or grade of a stream or does it include dredge or fill of a potential jurisdictional water body or wetlands? If yes, please include documentation of project site coordination with the Corps of Engineers. Y; N

Are any Critical Water Quality Management Areas, Special Aquatic Life Use Waters, or Outstanding National Resource Waters located within 1/2 mile of the facility boundary? _____ Y; N

D. PROJECT DESCRIPTION

Project Description: _____

Does this NOI include all proposed soil disturbing activities associated with the entire common plan of development? Y; N

If no, explain what areas of the site and contact information, if available, that this NOI does not apply to. _____

Anticipated project Start Date: _____ and Completion Date: _____

Estimated total area to be disturbed: _____ Acres Total area of the site: _____ Acres

Do you plan to disturb ten or more acres that are within a common drainage area? Y; N

If yes, will a sedimentation basin be installed in that drainage area? (Attach design calculations for all proposed sediment basins) Y; N

If no, on a separate sheet, indicate why the sediment basin is not feasible and explain what similarly effective erosion and sediment control measures will be implemented in lieu of a sedimentation basin.

E. MAPS

Include an area map showing the outline of the construction site and the general topographic features of the area at least one mile beyond the project site boundary.

F. EROSION CONTROL PLAN AND BEST MANAGEMENT PRACTICES

Provide a site plan showing the existing contour, proposed contour, the erosion control measures and the locations of stormwater management or pollution control features including BMPs. Incorporate details and notes as necessary to describe the erosion control plans and BMPs.

Provide a description of the best management practices which will be utilized to control erosion, sedimentation and other pollutants in stormwater runoff during construction.

Summarize the sequence of major soil disturbing activities and the corresponding erosion control measures or BMPs.

Provide the name and License or Certification Number of the engineer, geologist, architect, landscape architect, or certified erosion and sediment control specialist under which the construction stormwater pollution prevention plan has been developed.

Name	License/Certification Number	Profession or Field (Engineer, Architect, etc.)

III. ANNUAL FEE

Enclose a check for the first year of the annual permit fee specified in K.A.R. 28-16-56 et seq. as amended. Make the check payable to "KDHE". Per K.A.R. 28-16-56, as amended, the current annual permit fee for this general permit is \$60. An invoice for the annual permit fee will be sent to the contact person requesting a permit until such time as the permittee submits a Notice of Termination (NOT).

Failure to pay the annual fee will result in termination of the construction stormwater discharge Authorization.

IV. OWNER OR OPERATOR CERTIFICATIONS

I, the undersigned, certify that a Stormwater Pollution Prevention Plan (SWP2 Plan) will be or has been developed for the construction site described in this NOI and supporting documentation. I further certify that the plan will be implemented at the time construction begins, and, as required by the NPDES general permit for Stormwater Runoff from Construction Activity, will revise the SWP2 plan if necessary.

I understand that continued coverage under the NPDES general permit for Stormwater Runoff from Construction Activities is contingent upon maintaining eligibility as provided for in the requirements and conditions of the general permit, and paying the annual fee.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Signature (owner or operator)

Date

Name and Official Title (Please Print)

Conditions of Authorization - For Official Use Only

When indicated, Conditions of Authorization are as follows:

A complete request for Authorization for coverage under the general permit must be submitted or the request will not be processed. A complete request for Authorization includes:

- An NOI form (construction stormwater) with an original authorized signature;
- The annual permit fee for the first year; (\$60.)
- An area map showing the outline of the construction site and the general topographic features of the area at least one mile beyond the project site boundary;
- A detailed site plan showing the existing contours, proposed contours, erosion and sediment control features, locations where stormwater runoff leaves the construction site;
- A narrative summary of the additional erosion and sediment control and other best management practices that will be utilized to prevent or reduce contamination of stormwater runoff from the construction activities;
- Design calculations for any proposed sedimentation basin; and
- Copies of letters or e-mails documenting coordination with appropriate local, state or federal agencies.
