GUIDANCE FOR COMPLETING THE BUSINESS CONCERN DISCLOSURE STATEMENT FORM II FOR SOLID WASTE PERMIT APPLICANTS

SOLID WASTE FORM II

General Guidance

A. The Business Concern Disclosure Statement Form II (BCDS Form II - Solid Waste) must be completed by the Applicant for a permit to operate a solid waste processing facility or a solid waste disposal area in Kansas. (Pursuant to the rule at K.S.A. 65-3407(c) requiring the Secretary, Kansas Department of Health and Environment (KDHE) to conduct a background investigation of the Applicant.)

B. The Applicant responsible for completion of the form may be a corporation, a partnership, a joint venture, a sole proprietorship, a trust, or any other legal form of organization for the purpose of conducting a business enterprise which may acquire a permit to operate a solid waste processing facility or solid waste disposal area in accordance with rules at K.S.A. 65-3401 et seq., K.A.R. 28-29-1 et seq., which include adopted portions of 40 CFR Part 258 (Resource Conservation and Recovery Act, as amended - commonly referred to as RCRA Subtitle D regulations).

C. The information entered on the form must be for the Applicant business concern, itself, unless the direct meaning of the question indicates otherwise. The “Applicant business concern” means the legal entity which will actually operate the facility at which the activity being permitted will be conducted. The Applicant is the entity named in the Application for a Solid Waste Permit.

D. Every question on the BCDS Form II must be answered completely. If the volume of data required is too large for the space provided for a response, you may create numbered or lettered Appendices to be filed following the last (signature) page of the form, in the order of the identification series chosen. Enter a reference to the applicable Appendix in the space provided on the form for a response.

E. Questions on the form which request historical information concerning the Applicant's environmental compliance record will require that hazardous waste...
facilities owned or operated by the Applicant be included in the response, in addition to the listed solid waste processing facilities or solid waste disposal areas.

F. If any question does not apply to the Applicant, or if a question is applicable but the answer is “None”, the Applicant must enter either “Not Applicable” or “None” in the space provided for answer. The answer chosen must be representative of the actual facts. For instance, if the Applicant is a business corporation, the answer “Not Applicable” is correct for questions directed to a partnership form of organization. However, the answer “Not Applicable” is not correct for a question requesting the former names of the business enterprise, since it is possible that other names could have been used. If no former names have been used, the correct answer to the question is “None”. Do not enter the contraction “N/A” in place of “Not Applicable”, because the meaning may not be clear.

G. Any question (or series of questions) may be answered in a separate Appendix in your desired format, so long as all of the information requested is supplied in a manner that can be readily understood. Provide a reference to the applicable Appendix on the form in the space provided for a response following each question so answered.

H. Use numbered notes to further explain any responses entered on the form which may otherwise be unclear.

I. Where individual persons are required to be identified, and the question requests social security numbers, the social security numbers may be omitted. The rest of the question must be answered completely.

J. The Affidavit of Author section of the form must be signed by a person with upper-level responsibility as an owner, officer, director, or other key management employee of the Applicant, who is in charge of collecting and entering the responses to the questions on the form. The Affidavit must be attested by a notary public who holds a currently valid license.

K. Number each page of the form consecutively before filing with KDHE. Be sure that no page of the form is omitted, even if it contains no responses. Number each page of each Appendix consecutively.

L. Consider attaching a recent Annual Financial Report or other published and non-confidential materials of the Applicant with the completed BCDS Form II, to assist KDHE in understanding your business concern.

M. Your complete and competent response to every question will facilitate processing at KDHE, reducing the time needed for review and approval of your application for

a permit. Forms filed with incomplete or incompetent responses will be returned to the Applicant for correction. For assistance, contact the Kansas Department of Health and Environment, Bureau of Waste Management, Solid Waste Permits Section. The main telephone number of the Bureau of Waste Management is (785) 296-1600.

N. If the Applicant is a subsidiary corporation or other controlled entity, a Business Concern Disclosure Statement Form II (BCDS Form II) will be required by KDHE, to be completed by the controlling parent corporation or other controlling entity. The controlling parent corporation or other controlling entity may or may not be in the first organizational tier above the Applicant, depending upon where the actual point of effective management control lies within the organization. The information submitted on the BCDS Form II will be used by KDHE to determine the suitability of the ultimate parent, or other controlling entity (which may be a natural person or a natural family), to control a solid waste processing facility or a solid waste disposal area granted a permit in the State of Kansas.

A limited partnership grants, among other things, limited business liability to one or more partners. 3b. Enter the name, business address, position held in the Applicant organization, and date of birth for every general partner, limited partner, and joint venturer holding an ownership interest in the Applicant. The business address entered should be the place of usual business residence of the partner or joint venturer, not the Applicant’s address, unless the partner or joint venturer is also a full-time employee of the Applicant organization. If the partner or joint venturer is a business enterprise, enter its FEIN number.
