

Test Facility (116832) Solvent Contaminated Wipes

GENERAL	Answer	Violation
1. Please mark all types of solvent-contaminated wipes used at this facility.		
2. Note: Reusable wipes meeting the conditional exclusion are excluded from the definition of solid waste and do NOT count toward the generator status.		
3. Note: Disposable wipes meeting the conditional exclusion are excluded from the definition of hazardous waste. They do require a hazardous waste determination but they do NOT count toward the generator status.		
CONTAINER MANAGEMENT	Answer	Violation
4. Is each container non-leaking, closed, and able to contain free liquids?		
5. Is each container labeled with the words "Excluded Solvent-Contaminated Wipes"?		
6. Mark the method(s) used to track that solvent-contaminated wipes were on-site less than 180 days.		
7. Are free liquids removed from the containers and properly managed?		
RECORDKEEPING	Answer	Violation
8. Is the name and address of all handlers receiving wipes maintained on-site? This will include laundries, dry cleaners, landfills, or combustors.		
9. If the facility uses disposable wipes, are they sending the wipes to a landfill that has a synthetic liner (in Kansas or outside Kansas)?		
10. Does the facility maintain a written description of how the "no free liquids" condition is satisfied?
