

**Ready-Mixed Concrete  
Containment Structure  
Cleansers, Detergents and  
Chemical Additives Log**

**Basin No.:** \_\_\_\_\_

Chemical Name	Estimated Annual Quantity Used	Operating Dosage*	No Observed Effect Concentration** If available	
			Lowest Aquatic Toxicity (mg/l)	Species
	Gallons per Year	Concentration (mg/l)		

\*Operating Dosage means the concentration of the chemical as used in the system

\*\*Attach Material Data Safety Sheets. If available, toxicity data for Pimephales promelas (fathead minnow) and Ceriodaphnia dubia (water flea) should be provided. Other species with similar sensitivities can be provided if the data for these species are not available.
