Public Notice Concerning Kansas / Federal  
Water Pollution Control Permits and Applications

State of Kansas  
Department of Health and Environment  
Division of Environment-Bureau of Water  
1000 SW Jackson St., Suite 420  
Topeka, Kansas 66612-1367

Public Notice No. KS-AG-20-209/210  
Public Notice No. KS-Q-20-159/161  
Public Notice No. KS-NQ-20-004  
Public Notice No. KS-PT-20-014

Telephone: (785) 296-6432 - Ag Permits  
(785) 296-5517 - All Others

Beginning Date: September 17, 2020  
Comments Due: October 17, 2020

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

**Public Notice No.: KS-Q-20-159/161**

**The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria.**

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>RECEIVING STREAM</u>	<u>TYPE OF DISCHARGE</u>
Cornejo & Sons, LLC 2060 E Tulsa Street Wichita, KS 67216	Verdigris River via Elk Lake City via Unnamed Tributary	Process Wastewater

Kansas Permit No. I-VE23-PO08                      Federal Permit No. KS0101796  
Legal Description: SE¼ of S9, NE¼ of S16, T32S, R15E, Montgomery County, Kansas  
Facility Name: Independence Quarry

The proposed action is to issue a new NPDES/State permit for a new facility. This is a limestone quarrying and crushing operation with no rock washing. Outfalls 001, 002, 003 and 004 consist of pit water and stormwater runoff only. The discharge from Outfall 001 is treated by a settling pond before discharging. In compliance with Kansas and federal law, KDHE has approved an antidegradation review for this new facility for increased concentrations and mass of some pollutants to the receiving stream. The water quality of the receiving stream will not be lowered below the quality necessary to support existing designated uses.

Cornejo & Sons, LLC 2060 E Tulsa Street Wichita, KS 67216	Neosho River via Labette Creek via Bachelor Creek (001); via road side ditch (002); via Little Bachelor Creek (004)	Process Wastewater

Wastewater

Kansas Permit No. I-KS12-PO01

Federal Permit No. KS0087947

Legal Description: NW¼, S9, T13S, R22E, Johnson County, Kansas

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a limestone quarrying and crushing operation that occasionally washes rock. Wash water is treated by several settling basins, which may not always discharge. Outfall 001A1 consists of treated wash water, pit de-watering and stormwater runoff, that is treated by several settling ponds. Outfall 002A1 consists of stormwater runoff from reclamation and stockpile areas and is treated by three settling basins. Outfall 003A1 consists of stormwater runoff and pit water and is located on the north end of the property. The proposed permit contains limits for total suspended solids.

**Public Notice No. KS-NQ-20-004**

**The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g).**

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>LEGAL LOCATION</u>	<u>TYPE OF DISCHARGE</u>
Kansas Department of Transportation 700 SW Harrison, 14 <sup>th</sup> Floor Topeka, KS 66603-3754	SE¼, NE¼, NW¼, S20, T12S, R22W (South) SW¼, NW¼, NE¼, S19, T12S, R22W (North)	Non-Overflowing

Kansas Permit No. M-SH38-NO02

Federal Permit No. KSJ000311

Facility Name: Trego County Rest Area Wastewater Treatment Facility

Facility Location: I-70 4.5 Miles East of WaKeeney

The proposed action is to reissue an existing State/NPDES permit for an existing, non-discharging facility. This facility has two separate, two-cell wastewater stabilization lagoon systems. The proposed permit contains a schedule of compliance stating that the permittee shall hire a KDHE-certified operator to supervise the facility.

\*\*\*\*\*

**Public Notice No. KS-PT-20-014**

**The requirements of the draft permit public noticed below are pursuant to the Kansas Administrative Regulations 28-16-82 through 28-16-98, and U.S. Environmental Protection Agency Pretreatment Regulation 40 CFR 403.**

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>RECEIVING FACILITY</u>	<u>TYPE OF DISCHARGE</u>
Full Vision, Inc 3017 Full Vision Drive Newton, KS 67114	Newton WWTP	Process Wastewater

Kansas Permit No. P-LA13-OO02

Federal Permit No. KSP000104

The proposed action is to reissue an existing pretreatment permit for an existing facility. This facility manufactures steel rollover protection systems. Steel parts are cut, welded and processed in a three-stage phosphating system, before being painted. Spent wastes from the 3-stage phosphating system are then pumped to an on-site, 6,000 gallon holding tank, which is considered Outfall 001. Once the pH of the waste is checked and adjusted, the wastes are then hauled to the City of Newton or off-site for treatment, via a 1,000-gallon portable tank. Domestic wastes and cooling water from a spot welder

generated on-site are directed to a septic tank and then to an on-site non-discharging lagoon, which is covered under a separate non-discharging permit. The proposed permit contains pretreatment limitations for pH, total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc and cyanide.

\*\*\*\*\*

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision-making process. Comments or objections should be submitted to the attention of Livestock Waste Management Section for agricultural related draft documents or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before **October 17, 2020**, will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-20-209/210, KS-Q-20-159/161, KS-NQ-20-004, KS-PT-20-014) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/ application. If response to any draft document / application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents / application and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
